DAILY NEWS, REPORT & INSIGHTS AT THE SHOW

RAIN DELAY COULD NOT DETER VISITORS FROM CONNECTING, ENGAGING, AND NETWORKING WITH OVER 250 GLOBAL BRANDS

Even with the early morning downpour of **Tuesday, 9 September 2025**, enthusiastic visitors descended on the purpose-built Landmark Centre Lagos – Nigeria, to connect, engage, and network with over **250 Global Brands** that were equally thrilled to expose their world-renowned brands and services to the region, just as the **12th edition of PROPAK West Africa** kicked off to a great start.

PROPAK West Africa DAILY gathered that the excitement observed across the four show floors may not be unconnected with the relative growth of the sector as observed within the last year.

According to **George Pearson**,

Regional Director at **Montgomery Group Africa** – organiser of **PROPAK West Africa** in his Welcome Address, "Nigeria's manufacturing sector has contributed a resilient **9.6%**, almost **10%** to the Gross Domestic Product (GDP) this year. The economy continues to show encouraging stability and growth," which he noted marked a major milestone for PROPAK West Africa this year. "This year marks a major milestone as our **12th edition**. The growth story, pretty impressive. In 2024, **175 exhibitors** and **over 5,200 industry professionals** from **47 countries**. Building on that success, **PROPAK West Africa 2025** is set to be our largest ever. With over **250 brands** from more than **35 countries** and an expected attendance of over **6,000**

industry professionals" George submitted, setting the tone for **DAY 1** activities that included energetic show floors packed with live demonstrations of cutting-edge technologies, product launches, and real business connections. And running alongside the busy show floors of West Africa's largest trade fair for the packaging, food processing, printing, and plastics was the **Day 1 Conference**, tagged **The PROPAK Summit**. With the theme: **Shaping the Future of Packaging**, this Summit was also kicked off with inspiring keynote addresses, which culminated in a dynamic, no-holds-barred

discussion by top industry leaders churning out

SPECIAL FEATURE INTERVIEW – AYUSH INTERNATIONAL LTD (STAND NO: 4B03)

"WE'RE OFFERING UP TO 25% DISCOUNT ON PURCHASE".

As a regular exhibitor at West Africa's largest annual print and allied event, **PROPAK West Africa DAILY Team** caught up with **Chris Ajiabhu** - General Manager, **Ayush International Limited**, to find out what the top coding and marking solutions provider is offering its esteemed users at this year's show. Read an excerpt of the brief interview below:

TELL US ABOUT YOUR COMPANY?

We are Ayush International Limited. Our business is to provide solutions to the coding and marking world of manufacturers.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

Inkjet Code Printers of models AY800 and AY760. These are small character Inkjet Printers that are simple to use, smart, and reliable. That is why they are the best choice for production-oriented companies. More importantly, they are customized to our environment with our brand name, which gives users the needed peace of mind of our impeccable after-sales service.

ARE THERE SPECIAL PROMOS OR DISCOUNTS THAT YOU ARE OFFERING TO YOUR CLIENTS AT THIS YEAR'S PROPAK WEST AFRICA?

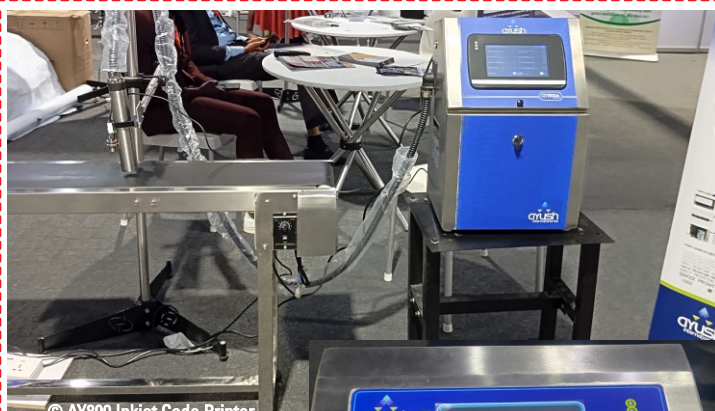

Yes, we're offering up to 25% discount on purchase. For AY800, we offer a 10% discount, while on AY760, it's a whopping 25% discount on purchase.

WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS THIS YEAR AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

On a fresh purchase, the customer is given free annual maintenance for the first year. Also, our response calls for maintenance for existing customers is

Chris Ajiabhu - General Manager, Ayush International Limited

24/7.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

We are hoping to make an unforgettable mark on the sands of time for the coding and marking market.

THANK YOU FOR YOUR TIME.

SPECIAL FEATURE INTERVIEW – NBG PRINTOGRAPHIC MACHINERY CO. PVT. LTD (STAND NO: 2A08)

"WE STRIVE TO PROVIDE INNOVATIVE SOLUTIONS AND UNPARALLELED EXPERTISE TO OUR CUSTOMERS AROUND THE WORLD".

NBG Printographic Machinery Co. Pvt. LTD is one of the leading manufacturers of roll-fed flexo, offset printing, and converting machines, including sheeters and slitter rewinders. In this SPECIAL FEATURE INTERVIEW, **PROPAK West Africa DAILY** caught up with the Senior Manager – Exports, **Mr. Ravi Kant** who reveals that the leading print equipment manufacturer is showcasing its wide range of flexo printing machines for labels and packaging, paper bag making machines, newspaper/ textbook (Offset) printing machines, paper, and film converting machines, among others:

TELL US ABOUT YOUR COMPANY?

NBG Printographic was established in 1990 as a leading manufacturer of printing machines located in India. In the last 3 decades, we gained vast experience in manufacturing, supplying, and exporting Roll-fed Flexo & Offset Printing and Converting

Machines, including Sheeters and Slitter Rewinders. Our in-house manufacturing facility includes state-of-the-art precision CNC Machining Centres and a Coordinate Measuring Machine (CMM) for automated inspection and quality control.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

Narrow web flexo machine and paper bag making machine.

ARE THERE SPECIAL PROMOS OR DISCOUNTS THAT YOU ARE

Mr. Ravi Kant - Senior Manager – Exports,

OFFERING TO YOUR CLIENTS AT THIS YEAR'S PROPAK WEST AFRICA?

Yes, we do. Please come for a discussion at our **Stand 2A08** to be able to meet your specific needs.

WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS THIS YEAR AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

We have local service support team in place. We also remotely support from our 24/7 contact centre in India. We have a high-end manufacturing facility that produces consistent quality products to meet international standards. We strive to provide innovative solutions and unparalleled expertise to our customers around the world. Join us as we continue to deliver top-quality products and unmatched customer service, setting the

standard for excellence in the industry.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

Meeting with flexible packaging companies.

THANK YOU

SPECIAL FEATURE INTERVIEW – NILPETER (STAND NO: 3A17)

"WE ARE NOW READY TO STRENGTHEN OUR PRESENCE IN WEST AFRICA".

At **Stand 3A17, PROPAK West Africa DAILY** caught up with **Nilpeter** Area Sales Manager, **Mr. Thomas Anderson** what his expectations are at the ongoing **PROPAK West Africa 2025**. Check out his response in the excerpt below:

WHAT IS YOUR THOUGHT OF THIS MARKET?

We see great potential for labels and flexible packaging in Nigeria and the rest of West Africa, and hope that this year's PROPAK West Africa will be the show that helps us convert our increased activity to more Nilpeter installations. With this, we are now ready to strengthen our presence in West Africa.

HOW WILL YOU DO THIS?

You know quite well that Nilpeter has a strong after-sales support team, both online and on-site. Our online hotline is available 24/7, 365 days a year. And in support of the hotline, we also have technicians travelling to the region regularly to make sure all our machines are running at optimum, giving value to our esteemed clients.

Mr. Thomas Anderson
- Nilpeter Area Sales Manager

TELL US ABOUT NILPETER'S PRE-OWNED PROGRAM AND WHY PRINTING COMPANIES SHOULD TAKE ADVANTAGE OF IT?

Pre-owned equipment can be a tough product to buy, especially for a small company. There is obviously a price advantage over new equipment, but if you buy from the wrong company, then you may end up with a machine that doesn't do what you have been promised. At Nilpeter, we have created a dedicated pre-owned team that reconditions machines and ensures they are what we promise. We supply our pre-owned equipment with installation, training, and warranty, so any buyer can have 100% confidence that they will get a machine that does what it is meant to.

TODAY, SUSTAINABILITY IS ONE OF THE BIGGEST ISSUES DRIVING INVESTMENT. HOW ARE NILPETER MACHINES DRIVING SUSTAINABILITY QUESTIONS IN TERMS OF CARBON EMISSIONS, WASTE REDUCTION, ENERGY COST, AND WORK EFFICIENCY, AMONG OTHERS?

UV drying systems are what draw the most energy on a press, and we have worked with a number of UV system manufacturers, so we can offer more energy-efficient LED drying systems. In addition, being one of the most automated Press makers in the industry, Nilpeter has always given prime importance to optimizing the servo motors and other related electronics to its best. This fine-tuning of the Key energy driving parts in the press allows the press to run at the minimum possible power. Thanks to our advanced registration and automation modules, which help any converter run short-run jobs with extremely low wastage during setup. Any repeat jobs can be recalled with the press of a button, and therefore almost zero wastage, which is a great contribution to global sustainability.

ARE THERE SPECIALS, PROMOS, OR DISCOUNTS THAT YOU'RE OFFERING TO YOUR CLIENTS AT PROPAK WEST AFRICA 2025?

We are always ready to work with customers to find the right machine, at the right price for them, so come and talk to us. We also offer assistance with financing, provided that customers meet certain requirements. In general, we are flexible, and arrangements can be tailored in many different ways to ensure all needs are met.

WHAT ASSURANCE ARE YOU GIVING YOUR CUSTOMERS THIS 2025 AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

With three manufacturing facilities and more than thirty sales and service locations worldwide, Nilpeter is a 106-year-old company. Therefore, it is quite easy to approach Nilpeter from anywhere in the world because we are widely accessible. As an engineering firm, we always guarantee our customers after-sales service with our dedicated engineer visits and round-the-clock hotline assistance. We do this not only for new presses, but also for older models, so Nilpeter customers can have the confidence that when they buy a Nilpeter, it will last.

THANK YOU

SPECIAL FEATURE INTERVIEW – SNETOR (STAND NO: 1G01)

"NIGERIA IS A VERY BIG MARKET FOR US".

As a regular exhibitor at West Africa's biggest packaging, food processing, printing, and plastics exhibition, **PROPAK West Africa DAILY Team** caught up with **Mr. Charles Lassarot**, Sales Manager Nigeria – **Snetor**, to find out what the French Group has in stock for its clients. Read an excerpt of the brief interview below:

Mr. Charles Lassarot, Sales Manager Nigeria
- Snetor

TELL US ABOUT YOUR COMPANY?

We specialize in the distribution and sales of qualitative plastic raw materials such as PP, PE, PS, PVC, PET, and chemical products. Nigeria is a very big market for us.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

We do have a lot of unique products that we are offering, such as chemicals, PU products for mattresses, polyethylene, and all types of polymers. We also provide advice and innovative solutions across the range of plastics, from polyolefins to engineering thermoplastics.

WHAT ASSURANCE ARE YOU GIVING TO YOUR

CUSTOMERS THIS YEAR AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

We have been around for over 40 years now; we don't play around. We are extremely customer-oriented, trying our best to give the best customer service.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

To see all our customers as much as possible, and to meet new customers as well. We welcome everyone from various parts of Nigeria to our **Stand 1G01**.

THANK YOU

SPECIAL FEATURE INTERVIEW – PRINTBOX NIGERIA LTD (STAND NO: 3B05)

"DUE TO MARKET DEMANDS, WE ARE NOW IN THE FLEXIBLE PACKAGING MARKET".

As a regular exhibitor at West Africa's number one trade event for the packaging, plastics, printing, and food processing industries, **PROPAK West Africa**, which confirms the company's consistency offering innovative and specialised printing and packaging solutions to the pharma, food/ beverages, distilleries, cosmetics and GFMCG markets, **PROPAK West Africa DAILY Team** caught up with **Mr. Lucky Okhiano** - Sales Manager, **PrintBox Nigeria Limited**, to find out the company has in store for its customers at this year's show. Read an excerpt of the brief interview below:

TELL US ABOUT YOUR COMPANY?

Vista International is our parent company, and PrintBox is a subsidiary of a packaging and printing company. We currently work on mono carton packaging as well as printing. We just commenced flexible printing to cater to a wide array of clientele who desire our quality.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

The new product we are bringing out this year is the introduction of flexible printing. Before now, we have always done the mono carton business, and due to market demands, we are now into the flexible packaging market. As we pay key attention to quality, that is what we are bringing into flexible packaging as well. In terms of health and safety, we comply with all industry

standards. Just recently, we got the HSC Certification on the Health and Safety measures we put in place for our employees.

ARE THERE SPECIAL PROMOS OR DISCOUNTS THAT YOU ARE OFFERING TO YOUR CLIENTS AT THIS PROPAK WEST AFRICA?

Yes, we have designed special pricing for both old and new clients. As long as you come through PROPAK West Africa, there is a special discount for you.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

We hope to connect with people who have been having issues with their vendors due to the low quality of their work. We are offering them the best quality at a price they will be happy with. We also hope to increase our client base at PROPAK West Africa 2025.

THANK YOU FOR YOUR TIME.

SPECIAL FEATURE INTERVIEW – CEMIX NIGERIA (STAND NO: 4D03)
“WE ARE A ONE-STOP SHOP FOR THE BEST COMPRESSED AIR SOLUTIONS”.

First timer – **Cemix Nigeria** is the authorized distributor of BOGE Compressors in Nigeria. Specializing in providing top-tier industrial air solutions across the country, **PROPAK West Africa DAILY Team** caught up with the CEO, **Mr. Fady Yazbeck**, at his **Stand 1G01**, where he disclosed that his company is the one-stop shop for Compressed Air Solutions. Find out how in the excerpt below:

TELL US ABOUT YOUR COMPANY?

We are the authorized distributor of BOGE compressors in Nigeria. We specialize in providing top-tier industrial air solutions, offering a comprehensive range of high-quality products and services designed to optimize efficiency, reliability, and performance in your operations.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

We are offering a wide range of industrial air solutions such as industrial compressors, pneumatic fittings, and air tools.

ARE THERE SPECIAL PROMOS OR DISCOUNTS THAT YOU ARE OFFERING TO YOUR CLIENTS AT THIS PROPAK WEST AFRICA

We can always discuss that with our customers if there is

an interest.

WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS THIS YEAR AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

One thing that stands out for us is quality, so you can see that we are a one-stop shop for the best Compressed Air Solutions. We offer a one-year guarantee on all our sales, and for every troubleshooting during the course of purchase, so you can always come back to us.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

We have a lot of expectations. This is our first time at PROPAK West Africa, and we are hoping we tap into this new opportunity and by next year when we are coming back. We are excited about this year's show.

THANK YOU

SPECIAL FEATURE INTERVIEW – AUTOPRINT – ANKAN GRAPHICS LTD (STAND NO: 2C01)
“WE HAVE GOTTEN TWO ORDERS FOR THE AUTOPRINT MACHINE”.

From zero to over 12500+ installations around the world, **Autoprint** is proud of its role in significantly altering the global perception of Indian Printing Machines. As one of the show highlights by its authorised distributor in Nigeria - **Ankan Graphics LTD** at the ongoing **PROPAK West Africa 2025**, **PROPAK West Africa DAILY** spoke with the Manager, **Mr. Harshavardhan Ashok**, who explained why the compact, durable, and easy-to-operate, single colour offset press is well-suited for short to medium print runs. He also enumerated some other brands in the stable of Autoprint for the printing and packaging industry. Check out the exclusive one-on-one conversation in the excerpt below:

TELL US ABOUT YOUR COMPANY?

Autoprint is the leading manufacturer of small offset printing, UV coating, die cutting, and finishing machines in the industry.

WHICH NEW PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

We have a Drip Off Coating machine, the only one in the world. It is designed to meet the growing demand for a reliable and precision coater for large-format printers and packaging units. Autoprint Fine Coat 80 Drip Off is an offline sheetfed Flexo Rotary Automatic UV and Aqueous Coater with UV and IR Dryer. We also have the Autoprint Fine Coat 80AX model, which is an offline UV and aqueous coating machine that satisfies customers' needs for higher productivity with additional safety features that make it user-friendly and more productive. In terms of ROI, many companies do laminations or other processes, but our machine can get you an ROI within a year. For after-sales services, we partner with Ankan Graphics, and they take care of all our services in many regions of Africa.

ARE THERE SPECIAL PROMOS OR DISCOUNTS THAT YOU ARE OFFERING TO YOUR CLIENTS AT THIS YEAR'S PROPAK WEST AFRICA?

Yes, currently we are offering sample books that customers can see to better understand what the technology is all about. There are other offers which is being done by Ankan Graphics for customers who come around. We sell these machines all over the world. We were at drupa in Düsseldorf, Germany, last year for the world's

Mr. Harshavardhan Ashok, Manager -Ankan

number one print fair, as well as Spain, France, Kenya, Ivory Coast, and people are adopting the new technology because it gives them a premium return on their investment.

WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS THIS YEAR AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANY DAY?

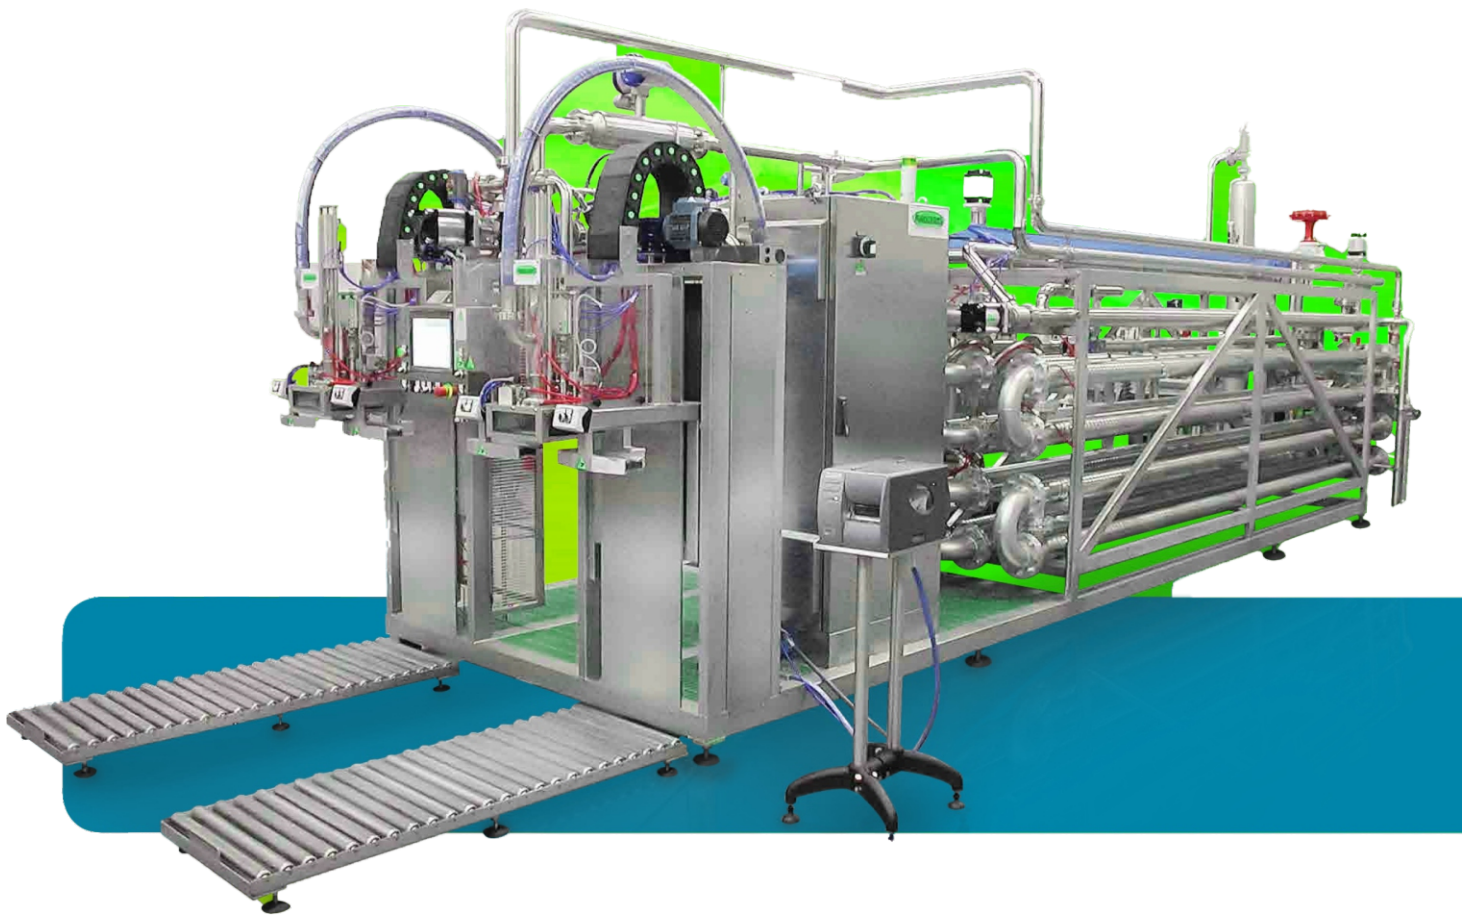

We have a one-year warranty policy, where customers can get support services on any issue relating to the

machine. Another thing to note is that our machine is being manufactured in India and sells to Europe as well as to Africa, which means our quality is of European standard and our price is Indian and African standard, so it's got the quality at a good price.

WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2025?

Already, we have gotten two orders for the Autoprint machine; we are expecting more and hoping for new enquiries in the offset space.

THANK YOU FOR YOUR TIME.

FRUIT PROCESSING AND FILLING SOLUTIONS

BA Processing: Food Processing Technology

BA Processing is a company specializing in food processing technology, with a focus on creating compact, pre-assembled, and easily transportable machines. They state their mission as "If you want it, we will do it for you".

Key Product: Aseptic Monoblocks

The company's primary product highlighted in the document is the Aseptic Monoblock, which is a machine for the sterilization and packing of fruit and vegetable purees or concentrates into pre-sterilized bags.

Technical Features and Advantages:

Capacity: The aseptic monoblock has a capacity of up to 5000 kg/h.

Sterilization Technology: The sterilizer-holder-cooler can be manufactured using different technologies depending on the product, including 4 pipes HTE type, multiple corrugated pipes TIT type, plates type, high electrical frequency Emmeplenne Ohmic (patented) type, or scrape surface type.

Filling: The machine features two semi-automatic filling heads that can fill pre-sterilized bags ranging from 3 to 200 liters in the standard version, with an option to fill up to 1000 liters upon request. The filling equipment for 1" caps is interchangeable with a 2" size for products that contain pieces.

Compact Design: The machine is built and tested on a single skid, making final installation easier than with standard machines that have separate components. Its compact design requires smaller spaces and can be transported in a single 40-foot container.

Components: The main components of the monoblock include a receiving tank, feeding pump, hot water production group, C.I.P. System, a heating-holding-cooling heat exchanger, aseptic valves manufactured by BA Processing, aseptic filling heads, and a control panel.

Customization:

BA Processing uses advanced computerized solid modeling techniques to optimize its designs, allowing for maximum personalization in the machine's configuration to meet customer specifications.

TECNALIS

Tecnalis: Industrial Equipment and Machinery

Tecnalis is a company that manufactures and supplies equipment for various sectors, including food, civil engineering, hospitality, catering, and healthcare. The company's team, with their extensive experience, works closely with clients to develop new products and enhance existing ones.

Key Focus Areas:

Design and Optimization: Tecnalis places a high priority on design, hygiene, and optimizing production processes to meet the specific needs of its customers.

Quality and Price: The company's quality policy is centered on providing suitable products that meet customer needs and expectations at a reasonable cost and within agreed-upon deadlines.

Diverse Product Range: Their equipment offerings are extensive and include modular plants, refrigeration, slaughterhouses, drying, cutting, and defrosting equipment.

Technical Support: Tecnalis has a dedicated technical service and spare parts department to provide support and address any issues with the equipment they supply.

WHY ARE YOU AT PROPAK WEST AFRICA THIS YEAR, AND WHAT KIND OF INVESTMENT ARE YOU LOOKING FOR YOUR BUSINESS?

Even with the early morning downpour, the first day (DAY 1 – Tuesday 09 September) of **PROPAK West Africa 2025** was exciting as enthusiastic visitors deferred the rain to descend on the purpose-built Landmark Centre to connect, engage, and network with over **250 Global Brands**, equally thrilled to showcase their world-renowned brands and services to the region. This **VOX POP** interview series is a compilation of **PROPAK West Africa DAILY** Team interaction with some of these passionate visitors to know their main purpose of visiting the show and what kind of investment they are looking at for their businesses. Check out an excerpt of the one-on-one interview below:

I am here to network, search for relevant materials for printing, and of course, learn new trends in the industry as well as connect with strategic service providers to help grow my business.

Marie Camille OBAKIKENI
– **MULTI COLOR FLASH PRINT SERVICES**

I am here this year to gain more knowledge about materials, especially packaging materials in the market that help businesses grow faster. We are into food processing; hence, we want to know more about food processing materials that are readily and cost-effectively available in the market, and thus connect with the right sources to grow our business.

Boluwatife OLANIPEKUN
– **ACES RESOURCES LTD**

As we are into packaging and because we always need the right materials, PROPAK West Africa is the right choice for us to look for different packaging materials that suit our requirements in one place.

Si GIANGYI
– **NANO PACKAGING**

We need plastic products to package our farm produce; that is why I am here to look for manufacturers of plastic products, because I know I will see various options to choose from to meet our needs.

Syed NIZAMUDDIN
– **SYED INVESTMENTS**

I am here to network, connect, and meet reliable manufacturers that can meet my needs in terms of value, production, efficiency, and profitability.

Chiemeka CHIEDOZIE
– **THE WRITERS COLLEGE & THE WRITERS CANTEN**

I have been a PROPAK West Africa enthusiast for years, where I hitherto worked with my dad, Mr. Anil Rai (Mercongraphic/ Manugraph). Now, I have come to not only meet my partners and associates but also to book an 18sqm space for next year's edition. My company, Ayusam Graphics Solution Nig. LTD now represents Zenith Worldwide, BleuNova Chemicals, Welbound, TruTech Machinery, among others. All these world-renowned printing and allied solutions providers will be fully represented at PROPAK West Africa 2026 to meet the needs of the region.

Ayush RAI
– **AYUSAM GRAPHICS SOLUTION NIG. LTD**

I am here at PROPAK West Africa 2025 to look for networking opportunities for my business.

Babajide AFOUDA
– **BUYSENDO LTD**

I am here to discover and network with printing machine manufacturers, food processing, and packaging machine providers.

Hessou Zinsow Fructueux LUDWIG
– **MULTI COLOR FLASH PRINT SERVICES**

– NIGERIAN INSTITUTE OF FOOD
SCIENCE & TECHNOLOGY (NIFST)

We are here to partner with packaging equipment manufacturers, especially those that have just introduced the latest ones into the market. We are exploring how we can work together in Nigeria and across West Africa.

Yinka POPOOLA
– HIGOWORTH LTD

ChinaPlas is looking forward to collaborating and expanding into other territories in West Africa. Therefore, our main purpose here is to network and integrate them into our systems.

Eniola BABALOLA
– CHINAPLAS

I am happy to be here at PROPAK West Africa 2025. This is because I come here in order to see alternative printing equipment that will improve my business operations and profitability.

Ibrahim KHALID
– MIIZZANY IBRAHIM INT'L LTD

Well, I am here to meet with friends, business partners, and associates.

Rajiv KAPOOR
– Global Chem LTD

I am into BOPP products. So, I am here to get more knowledge of the latest innovations and also connect with manufacturers and suppliers so that we can expand our market base.

Godwin OKPARA
– A AYO VITARAN LTD

We are here to check out packaging companies that we can introduce our products to and meet with prospective clients.

Tosin COLLINS
– DEEKAY GROUP

OUR VERDICT?

As it shows, the ongoing **PROPAK West Africa 2025** is set to meet the growing and diverse needs of the entire manufacturing value chain that cuts across packaging, food processing, plastics, and printing industries. If you're yet to register to attend, do so now for **FREE** by visiting www.propakwestafrica.com and join thousands of industry like-minds at Landmark Centre, Lagos to discover the latest innovations on display and explore new business opportunities to move your business to the next level.
