## DAILY NEWS, REPORT & INSIGHTS AT THE SHOW

### Powerful solutions for label printing and converting

Our passion is helping printers with tailor-made turnkey solutions to meet the demand for a broad range of label applications.

We design our ECOLINE machines with solid, vibration-free construction and the latest technology to match converters' cost-efficiency and diversity needs.

## RVP 350 VERTICAL FLEXO PRINTING

### Precision Flexo for PMS Colours & More

Our 6-colour flexo printing machine (CMYK + solid + spot colors) is the perfect solution for efficient, high-quality label production. Designed specifically for narrow web materials, this model handles a wide range of substrates including self-adhesive labels, paper, and non-stretch laminated materials—ideal for roll paper from 30 to 250g.

With its environmentally friendly ink system, low operational costs, and impressive print speed, this machine delivers outstanding performance and versatility. Whether you're printing small-size labels or specialized packaging, this is your most cost-effective and reliable choice.

High efficiency, low cost, wide compatibility—your smart entry into flexo label printing starts here.

## DAILY NEWS, REPORT & INSIGHTS AT THE SHOW

### OVER 200 COMPANIES SET FOR PROPAK EAST AFRICA 10TH ANNIVERSARY EDITION

This **May** from **Tuesday 20** to **Thursday 22**, the region's largest gathering for packaging, printing, plastics, and food & beverage processing professionals - **PROPAK East Africa** opens its doors for the **10th Anniversary edition** hosting more than **200 companies** from across the world converging at **The Sarit Expo Centre, Nairobi, Kenya**.

Since launching in **2015**, the annual show has welcomed over **2,000 exhibitors** and **35,000 visitors**, bringing together industry stakeholders from all corners of the globe. This year will be no different with more than **5,500 quality visitors** traveling to Kenya's capital and commercial city of Nairobi to meet with over **200 companies** over a three-day celebration and discovery of innovative and latest products on the market with hands-on experience of working machines on displays from leading world-renowned machine manufacturers and suppliers like this year's

sponsors such as **PiovanGroup** (stand **A3**) - world leader in the development and production of systems for the automation of production processes for the storage, transport and treatment of polymers, plastic and food powders; **Nilpeter** (stand **A5**) - world-leading manufacturer of flexo, offset, and digital printing solutions for labels and flexible packaging; **ODOO** (stand **19**); **Reifenhäuser Blown Film GmbH & Co. KG** (stand) supplier of tailor-made lines and components for the production of high-quality

blown film, cast film, sheet film, and nonwovens, allowing producers to supply the market, achieve success, and protect the environment; **Skyland Masterbatch** (stand **A6**) South African Masterbatch and Additive producer; **The Packaging Group GmbH** (stand **D13**) a powerful synergy in the world of packaging technology for tailored packaging solutions that meet each customer's unique needs; and **VERTIV** (stand **B3.1**).

With the celebratory mood across the show floors, the **10th PROPAK East Africa** is connecting over **200 brand suppliers and manufacturers**

## EXHIBITORS' LIST

### ABC COMPRESSORS STAND NUMBER: 6

**ABC Compressors** is a leading piston compressor manufacturer, with more than 80 years experience manufacturing compressors for any kind of gas and market. We are in PET Beverage Industry since day 1. Founded in 1943 in Eibar (Spain), ABC Compressors is a world leader in compressor design and manufacturing with more than 4,000 PET units installed worldwide. It was the first company to develop PET compressors in collaboration with Sidel.

Present in 130 countries with main plant in Spain and assembly lines in Brazil and China, its 20,000 m<sup>2</sup> factory includes the largest test room in the PET Industry and runs on 400 kw of clean energy.

Beyond air, ABC designs compressors for natural gas, hydrogen, biogas, CO and ammonia, applying its knowledge of the Oil & Gas sector to all its divisions.

**R&D is key:** 10% of the staff and budget is dedicated exclusively to innovation. Current projects include hydrogen at 1,000 bar, biogas, refrigerant-free dryers and leak-free designs. ABC continues to lead with solutions such as variable speed, synchronizair and smart monitoring.

### AFROPACK GROUP STAND NUMBER: C3

As a packaging and equipment supplier, **Afropack** sources from the best manufacturers, providing customized solutions that add significant value to our clients' markets.

**Comprehensive Solutions:** Afropack Group offers fully engineered integrated processing and packaging solutions. From VFFS packaging machines to HFFS packaging machines and labelling machines, the firm's expertise covers vertical and horizontal form fill and seal, modified atmosphere packaging, gas-flushing, and servo-driven technologies.

**Industry Focus:** Primarily catering to the food, beverage, and hygiene/cosmetic industries, Afropack ensures that our offerings meet the highest standards. All products are designed and manufactured in Italy, boasting 100% MADE IN ITALY quali

### AFROSEP LTD STAND NUMBER: 41

### AIM TECHNOLOGIES STAND NUMBER: 40

**Aim Technologies** is a leading manufacturer of Mineral Water Plant Machinery, specializing in PET Bottle Blowing Machine, Reverse Osmosis Plant, Filling Machine, Labeling Machine and Shrink Wrapping Machine. With cutting-edge technology, precision engineering, and a commitment to efficiency, delivering durable, cost-effective, and automated solutions tailored to global industry demands.

### ALPES INDUSTRIES SERVICES INTERNATIONAL STAND NUMBER: B6

**Alpes Industries Services International** supplies and manufactures Processing Equipment and Services for Beverage and Dairy Industries. This know-how starts from plant study and conception, all the way to plant installation and start-up of the production including training of operators and maintenance engineers. Alpes Industries Services offers equipment and services for expansion or renovation of existing plants.

Continued on page 6

**Reifenhäuser**

BLOWN FILM

The Extrusioners

# EVO Ultra Stretch: Making fully recyclable packaging has never been so easy.

The Reifenhäuser MDO EVO Ultra Stretch is directly integrated in the film take-off and thus stretches the film from first heat. Benefit from high process stability, reduced energy consumption and better shrinkage and sealing properties when producing mono-oriented blown films.

[www.reinhaus.com](http://www.reinhaus.com)

**APK AQUATECH PVT LTD**  
STAND NUMBER: 13

**APK Aquatech Pvt. Ltd** is based in Thane, Maharashtra, India. APK Aquatech was primarily established to Design, Manufacture, and Export Water

and Waste Water Treatment equipment. These customized treatment solutions have been provided for clients in diverse fields that include amongst others:

- Pharmaceuticals & Food Processing
- Beverages & Mineral Water
- Chemicals & Packaging etc.

The company has successfully installed USP grade plants with Ultrafiltration, double pass Reverse Osmosis, EDI etc for lots of clients in the pharmaceutical sector thus providing specialized water for their clients' processes and complete ETP System with ZLD (Zero Liquid) discharge for numerous others.

**AQUATECHPLUS OVERSEAS LTD**  
STAND NUMBER: 18

Wirtschaftsförderungsorganisation, und dem ADVANTAGE AUSTRIA Büro in Nairobi organisiert. 9 österreichische Unternehmen (Blue Air, EREMA, Gabriel-Chemie, Polo, SML, Starlinger, Starlinger Recycling, Starlinger viscotec) präsentieren ihre Dienstleistungen und hochwertigen Produkte. Besuchen Sie den Österreichischen Pavillon, Standnummer: B16.6.

**AUSTRIAN FEDERAL ECONOMIC CHAMBER**  
STAND NUMBER: B16.6

Der österreichische Pavillon wird als Joint Venture zwischen **ADVANTAGE AUSTRIA**, Österreichs offizieller

**BALLESTRA - MAZZONI**  
STAND NUMBER: F5

**Ballestra** is the world leader in developing, engineering, and supplying technologies, processing plants, and proprietary equipment and machinery.

The group includes:

- **Ballestra**: the world leader in processing plants for detergents and surfactants.
- **Mazzoni**: the world leader in soap & glycerine processing plants and finishing lines.
- Ballestra wholly owns:
  - Buss ChemTech AG, based in Switzerland.
  - Ballestra Engineering and Projects Limited, based in India.

**AVE TECHNOLOGIES S.R.L.**  
STAND NUMBER: 6

**Ave Technologies**, designs and produces complete plant from processing up to bottling and packaging

**BERICAP EAST AFRICA**  
STAND NUMBER: D3

**BERICAP - The Closure Company**

**BERICAP** is one of the leading global manufacturers of plastic and aluminium closures, with 29 production plants serving customers in over 100 countries across the world. With specialised R&D centres and to support its customers' success with a comprehensive portfolio of products.

Best manufacturing practices at BERICAP are centrally coordinated and regularly reviewed at each plant to ensure superior quality. All BERICAP plants are ISO 9000 and BRC-IOP or ISO 22000-certified. Its highest priorities are product safety, consumer convenience and design flexibility, as well as process safety and sustainability. BERICAP is particularly committed to material reduction through the development of lightweight designs and the use of bio-based and recycled materials (PCR). In this way it is helping to conserve natural resources and close the loop in the packaging industry

**BINACCHI E.C. SRL**  
STAND NUMBER: F17

**Binacchi & Co** was founded in 1969 as an engineering and manufacturing company for soap and detergent plants and machinery. Always one step ahead in technology and in R&D, Binacchi can be today the only reference for the soap makers: from the oils and fats treatment up to the packaged soap bars, laundry or toilet, solid or liquid, from small plants up to complete and fully automatic turn-key soap factories.

- Powder and liquid detergent plants with complete filling, capping and labeling lines.
- Sulphonation plants.
- Automation & Mechatronic Division.

**BIZERBA SOUTHERN AFRICA**  
STAND NUMBER: B12

**Bizerba** offers its customers in industry, trade, and logistics; a globally unique; solutions portfolio of hardware and software around the central value "weight". This portfolio includes products and solutions related to slicing, processing, weighing, cashing, checking, commissioning and labeling. A wide range of services from consulting and service, labels and consumables to leasing complete the portfolio.

**BLUE AIR SYSTEMS GMBH**  
STAND NUMBER: B9.4

**Blue Air Systems GmbH** - Total energy savings in the Plastics Industry with innovative technologies of Blue Air Systems, your specialist for dehumidifying, cooling and drying!

Blue Air Systems GmbH, an Austrian based company founded in 2010, supplies the plastic industry with innovative technologies. In the range of material drying Blue Air Systems offers high class, energy saving resin dryers (series RD) based on compressed air technology with hopper sizes from 0.5 to 1,000 liters. In climate technology the core business is focussed on internal product cooling (series CAC and BMB) and dehumidification units (series DMS and MSP). The DMS system allows energy-efficient mould dehumidification without the need of cooling water and has great potential for energy savings up to 85 %.

**BOBST**  
STAND NUMBER: 7

**BOBST** is one of the world's leading suppliers of substrate processing, printing and converting equipment and services for the label, flexible packaging, folding carton and corrugated board industries. Founded in 1890 by Joseph Bobst in Lausanne, Switzerland, BOBST has a presence in more than 50 countries, runs 19 production facilities in 11 countries and employs more than 5800 people around the world.

**BRÜCKNER MASCHINENBAU GMBH**  
STAND NUMBER: A12.1

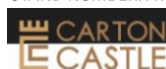

**Brückner Maschinenbau** is part of the family-owned German Brückner Group and is the world's leading supplier of lines for the production of oriented plastic films.

Brückner Maschinenbau, part of the family owned German Brückner Group, provides intelligent solutions for a future with sustainable plastics. Brückner's lines guarantee film manufacturers efficient, flexible and profitable film production of all types. These are used as high-quality packaging material and in technical applications (e.g. capacitors, battery separators, composite current collectors or displays and screens), mainly made of PP, PET, PA, but also PE and bio-materials such as PHA and PLA. Future topics in technological development include recyclable films for a functioning circular economy, intelligent packaging, membranes and separators for electromobility, films for organic and printed electronics as well as material and energy savings in film production.

Currently, more than 900 Brückner lines are in operation at all major film manufacturers in Europe, the USA, Latin America, Africa and all over Asia. As a solution and engineering provider, Brückner offers a wide range of services including planning, construction and commissioning of complete production lines as well as all process and mechanical engineering developments. Also offered: consulting in project initiation (e.g. feasibility studies) and financing solutions.

**CAM - A.M.R.P.**  
STAND NUMBER: F8

**CAM** supplies complete packaging lines for Pharmaceutical, Cosmetic and Food. CAM trade mark represents a structure involving 14 Manufacturing Companies, 19 Trade Centers with Agents in 27 countries and 15 After Sales Centers. Due to over 75 years of experience, CAM is able to supply complete lines of machines with feeding units suitable to handle all types of products.

**CARTON CASTLE**  
STAND NUMBER: A18**CASFIL INDUSTRIA DE PLASTICOS S.A.**  
STAND NUMBER: A9

**CASFIL** is a manufacturer of flexible films for packaging, with a leading position in Portugal and a strong export activity. The production sites of 55.000m<sup>2</sup> of covered area are located in Aves and Santo Tirso.

**CLEARMARK TECHNOLOGIES LTD**  
STAND NUMBER: 25

**Clearmark Technologies Limited** is a leading provider of industrial coding equipment, batch coding machines and supplies. The company supplies replacement inks and makeup fluid that save money without compromising

quality. Clearmark also offer Continuous Ink Jet (CIJ), Drop on Demand (DOD) and High-Resolution Printers/Bar Code Printers that can handle all your coding needs quickly and efficiently. Its replacement parts and technical services are available for most of industrial inkjet printers and batch coding equipments. Clearmark develops customized systems to deliver effective, reliable and accurate marking and coding for all industrial applications.

**CLEARPACK SINGAPORE PTE LTD**  
STAND NUMBER: C6

**Clearpack** is a leading provider of automatic packaging solutions for Food, Beverage, Home and Personal care, Pharma and Chemical products. With 500+ strong, stable, and well organised group of people with proven expertise in filling, end-of-line, and complete line engineering solutions, Clearpack is leading the industry with Best-in-Class packaging automation using Robotics, AGV's, Digitalisation including factories of future with advanced technology systems.

**COATINKS (PVT) LTD**  
STAND NUMBER: 35

Established in 2015, **Coatinks (Pvt) LTD** has emerged as an all inclusive and a leading solutions provider for the printing and packaging industry. With a vast product portfolio comprising of pressroom chemicals, printing inks, UV and water-based varnishes together with a state of the art Flexo pre-press division make Coatinks a true one stop solution provider for its customers.

With a dominant domestic market share and an ever-expanding international sales network coupled with a diverse product profile; Coatinks is fast emerging as a supplier of choice for printers and converters worldwide.

At Coatinks, we constantly seek inspiration from our clients as well as within for continuous improvement. Our appetite to take on challenges; be it new product development or creating cost effective and sustainable alternatives for our clients, has truly helped us evolve into a one stop solution provider for the printing and packaging industry.

**CODPAC**

STAND NUMBER: D19

**Codpac FZC** was established in 2012 in Sharjah city, United Arab Emirates. Over the last 12 years we have successfully emerged as leading manufacturers & suppliers of various types of Filling, Packaging and Coding machineries for different manufacturing industries globally. We offer affordable and durable machineries and packing solutions. With the help of skilled machine designers and experienced engineers we are able to find the best solutions for your filling and packing requirements.

We believe in treating you with the respect we give our co-workers, as a partner in solving your packing challenges. We believe in curiosity, self-improvement, honesty, open communication and collaboration. "Technological innovation" and "excellent quality" are always the target principles Codpac FZC adheres to. Codpac FZC also focus on customized products while ensuring technology leadership and innovative features.. Filling, Packaging & Coding Machines.

**COPERION GMBH**

STAND NUMBER: 45

**Coperion** is a global industrial and technological company in the areas of compounding and extrusion systems, sorting, shredding and washing equipment, including conveying, mixing and feeding

technology. In its three Divisions of Polymer, Food, Health & Nutrition as well as Aftermarket Sales & Service, Coperion employs 5,000 people at 50 locations worldwide striving to create the future of tomorrow.

**CUBII INDUSTRIAL SOLUTIONS**

STAND NUMBER: 31

**CUBII** is the leading Egyptian industrial company in the field of designing and manufacturing

production lines and packing machines for the food sector. CUBII is providing filling and packing machines, including dairy products (yogurt, milk, and cheese), oils, vinegar, chocolate, and sauce, as well as chemicals, detergents, and cosmetics.

**DHARMANANDAN TECHNO PROJECTS PRIVATE LIMITED**

STAND NUMBER: 36

Commenced in the year 2011, **Dharmananadan Techno Project PVT.** is a leading manufacturer, supplier, and exporter of mineral water treatment plant, Carbonated soft drink plants, Juice production plants, reverse osmosis systems, water softening plants, labelling machines, and more. We are equipped with latest machineries and have a qualified team of experts updated with technological know-how of water treatment & water packaging plants. All our products are designed and constructed by expert engineers who indulge in varied processes that renders superior quality raw material and machineries.

**DRIFT OPEX**

STAND NUMBER: 1

**DRIFT** specializes in asset performance optimization. The firm provides the right systems, services and solutions to

maximize customer's bottom line and give competitive edge by:

1. Measuring asset **PERFORMANCE** through advanced OEE monitoring and data driven dashboards
2. Monitoring asset **HEALTH** with effective maintenance strategies and systems
3. Maintaining and growing via simple **IMPROVEMENT** methodologies to sustain gains
4. Managing asset information through **IoT** sensors to get real-time machine tracking

Do It Right The First Time with DRIFT, where Operational Excellence is Executed!

[www.driftope.com](http://www.driftope.com)

**EGYROLL**

STAND NUMBER: A19

**EL-FATIM GROUP**

STAND NUMBER: U2

**El-Fatim Group** is one of the largest companies operating in the Egyptian and Arab markets in the field of plastic packaging manufacturing.

**ENERPLASTICS LLC**

STAND NUMBER: 16

**ENERPLASTICS** is a prominent masterbatch manufacturing company, established in 1999, with 25 years of industry experience. Based in Dubai UAE, we specialize in producing custom color and additive Masterbatches, serving clients in over 58 countries, including regions across Europe, Africa, and Southeast Asia. We operate with an Integrated Management System and hold ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 Certifications. Our state-of-the-art research and development laboratory is ISO/IEC 17025:2017 accredited, enabling us to conduct precise analytical, physical, and chemical testing on plastic products.

Globally recognized as a leader in colour and additive masterbatch manufacturing, our success lies in our ability to quickly understand and respond to our customers' needs, providing tailored solutions. Our clients value the added business benefits we deliver through our innovative and responsive approach.

**COLUMBIT SOUTH AFRICA**

STAND NUMBER: 39

Since 1938 **Columbit** supplied the food and beverage producers with high quality processing and packaging equipment. Columbit serve the beverage, liquid and meat producers with processing and packing equipment. We represent a number of high quality European machine manufacturers and with offices in Cape Town and Johannesburg we are able to service our customers.

**COMAT TECNOLOGY SRL**

STAND NUMBER: F7

Since 1986, **COMAT** has been dedicated to designing machinery and equipment for the production of PASTA

FILATA cheeses. like MOZZARELLA, PIZZA CHEESE TOPPING. Our company is committed to developing the best technologies for our clients. Our expertise serves as a solid guarantee for delivering durable, high-quality solutions.

Today, we operate a facility spanning over 4,000 square meters, with a workforce of more than 65 employees, as well as a team of 15 in R&D and 15 in administrative and commercial departments.

**CORFILL INTERNATIONAL SRL**

STAND NUMBER: C4.1

**Corfill International Srl** is an Italian company with more than 50 years of experience in design

and construction of filling machines for glass, PET, aluminium containers and cans for beverages and liquid products in general. Isobaric fillers, gravity fillers, net-weight fillers for a wide range of middle-high production speeds. Corfill machines can manage both cold and hot filling process, running from 6.000 BPH to 80.000 BPH with both carbonated and still products.

**DAETWYLER GRAPHICS AG**

STAND NUMBER: U3

**Salaam, Tanzania, Kampala, Uganda, and Addis Ababa, Ethiopia**, we are committed to delivering exceptional service and reliable support to our customers across the continent.

**DECASE CHEMICALS LTD**

STAND NUMBER: C2

**Decase Chemicals LTD** is a leading supplier and distributor of specialized industrial equipment and solutions, serving the East, Central, and Southern African regions. With strategically located offices and warehouses in **Nairobi, Kenya, Dar es**

**OUR VALUED PARTNERS**

We proudly represent some of the world's most renowned manufacturers in the printing, packaging, and recycling industries, including:

**Windmüller & Hölscher** – Flexographic, gravure, and extrusion machines

**Garant Maschinen** – High-performance paper bag making machines

**Flexo Wash** – Advanced cleaning systems for aniloxes, parts, plates, and distillers

**Lohmann** – Premium mounting tapes and adhesive solutions

**Rossini** – Sleeves for printing applications

**Simec** – Precision anilox rollers

**NGR (Next Generation Recyclingmaschinen)** – Innovative recycling systems

**Prime Blade** – High-quality doctor blades

With a focus on quality, innovation, and customer satisfaction, Decase Chemicals Ltd continues to be a trusted partner for businesses seeking cutting-edge solutions in the region.

**DIGITAL PACKAGING INNOVATIONS HOLDINGS LTD**

STAND NUMBER: 12

Hewlett-Packard (HP), AB Graphics and Karville. We can supply printed flexible rolls, laminated flexible rolls, pouches (centre-seal, 3 side seal, stand up zipper and now quad packs as well as pouches with spouts), self-adhesive labels and much more. We have introduced compostable pouches and now recyclable monolayer pouches. Come and have the DPI experience...

**DYNATRON PRIVATE LIMITED**

STAND NUMBER: B3

**Dynatron Private LTD**, established in 1969, specializes in manufacturing efficient, low-maintenance machines for various Beverage industries like bottle washers, palletizers/De-palletizer, Crater / De-crater, pasteurizers,

Cooling Tunnel and Warmer etc, With modern infrastructure, skilled professionals, and advanced technology, Dynatron delivers high-performance, defect-free products, optimizing production line efficiency while reducing operating costs for the bottling and packaging industries.

**ECOPACK SPA**

STAND NUMBER: F18

**Ecopack** is specialised in the production of baking moulds and containers for the international food industry. In close

collaboration with the most important international companies in Europe, the Middle East, Asia, Australia, the United States and South America. Ecopack has always been ahead!

**ELECTRONIC DEVICES WORLDWIDE PVT LTD**

STAND NUMBER: A7

The Company manufactures Induction Sealers, Induction WAD's/ Liners ; WAD Inserting Machine, Cap Assembly Machines; Special Purpose Machines; Vision Inspection System for Packaging applicable in Industries such as Food ; Edible Oil; Lube Oil; Pharma; Agro & Speciality Chemicals; Dairy; Cosmetics; Sauces; Chocolate & Pea Nut Spread. Anything which can be filled in bottles, jars, containers can be sealed in Sigma Capseal SEALERS.

**ENKANA PRINTING INKS**

STAND NUMBER: D7

**Enkana Printing Inks** established in 2005 is the largest Egyptian manufacturer of solvent based Flexographic & Gravure inks for all flexible packaging applications.

**EPSON EUROPE B.V**

STAND NUMBER: 24

**Epson** is a global technology leader whose philosophy of efficient, compact and precise innovation enriches lives and helps create a better world.

The company is focused on solving societal issues through innovations in home and office printing, commercial and industrial printing, manufacturing, visual and lifestyle.

Epson has solutions for businesses in Healthcare, Education, Retail and Hospitality, Finance and Banking, Public Sector, Corporate, Legal and Accounting. Its product range includes: Printers for home and office use, Projectors for home entertainment and business use, Scanners with tailor made features for various business verticals.

Continued on page 9

**FC GROUP**

STAND NUMBER: 11

**FC Group** is Kodak, Miraclon and Glunz & Jensen's **Official Distributor** and long-established partner in strategic African countries with full local and head office infrastructure including sales, service, consumables, and parts. The company supplies new and refurbished pre-press equipment, consumables and parts to Kenya, Uganda, Tanzania, Ethiopia, Nigeria, Ghana, Côte

d'Ivoire, and other parts of Africa and provide superior quality after-sales service with fully trained and qualified technicians.

**FOREVIEW ENGINEERING AND TECHNOLOGIES PVT LTD**

STAND NUMBER: 47

**FSC GLOBAL DEVELOPMENT GMBH**

STAND NUMBER: A17

Healthy forests help life on Earth thrive. **The Forest Stewardship Council® (FSC®)** – a nonprofit organization governed by environmental, social, and economic perspectives equally – covers more than 160 million hectares of certified forests and is the global benchmark for sustainable forestry. NGOs, consumers, and businesses alike trust FSC to protect and enhance healthy and resilient forests, for all, forever.

**GABRIEL-CHEMIE GMBH**

STAND NUMBER: B9.6

Plastics are true all-rounders – it's hard to imagine everyday life without them. But before plastic products reach the end consumer, they pass through several essential stages of production. "BRINGING LIFE TO PLASTICS" is exactly what we do at **Gabriel-Chemie**: our masterbatch gives colourless and functionless raw polymers vibrant colours, striking effects, and functional properties – transforming plastic into something purposeful

and unique.

Our broad product portfolio includes: Sustainable Solutions, Decorative Solutions, Additive Masterbatch, Effect Masterbatch, Colour Masterbatch, Black Masterbatch, White Masterbatch and Combination Masterbatch.

As a second-generation, owner-managed family business with over 70 years of experience, Gabriel-Chemie is now one of leading masterbatch manufacturers in Europe.

**GAINSCHA AUTO ID CO. LTD**

STAND NUMBER: 29

**GAINSCHA** is established in 1999, a leading global manufacturer in **Barcode Printer** and **POS Printer** with a complete product line.

Committed to introduce value-added printing products and services to commercial users in the retail, catering, government, logistics, healthcare, manufacturing and other segments around the world. There is a strong business network in exporting to Europe, USA, Canada, South America, Africa, Asia, HongKong, Taiwan and etc.

**GLS SPECIALITY CHEMICALS PRIVATE LTD**

STAND NUMBER: U7

**GLS Speciality Chemicals** is a rapidly emerging manufacturer of high-performance printing inks, speciality coatings, and lamination adhesives for the global Packaging Industry. **SMI S.P.A.**  
STAND NUMBER: F6

SMI designs and manufactures a wide range of bottling systems and packaging machines able to meet production requirements up to 50,000 bottles/hour. These solutions can be used in countless sectors: food, beverage, household cleaning, personal hygiene, chemical and pharmaceutical industry and stand out for cutting-edge technology, flexibility and energy saving.

**SML MASCHINENGESELLSCHAFT MBH**  
STAND NUMBER: B9.5

**SML** is a manufacturing company specialising in plastics processing machinery and a global market and technology leader in manufacturing high-end extrusion lines. Products manufactured on machinery from SML range from packaging films to textile yarns and from medical applications to laminates and compounds.

**STARLINGER & CO GMBH**  
STAND NUMBER: B9.1

**Starlinger** is the world market leader in the field of machinery and process

**Starlinger** technology for woven plastic

bags and supplies the entire machine range from tape extrusion lines and circular looms to lines for coating, printing and sack conversion. Companies worldwide use Starlinger technologies to enter new markets through innovative and sustainable packaging concepts such as the patented AD\*STAR® block bottom valve sack, or fabrics and sacks made of recycled PET. With the ground-breaking "Circular Packaging" concept starlinger offers a closed-loop solution for industrial packaging made of plastic fabric such as FIBCS.

**STRAPACK N.V. / S.A.**  
STAND NUMBER: 30

**StraPack** is the innovative leader in strapping machines since 1933, headquartered in Japan. At the forefront of design with dedication to high quality, StraPack has earned its solid reputation as the most dependable strapping machines in the world. StraPack offers solutions for all your strapping and packaging needs. From cardboard packaging to food preparation, see how StraPack can help you.

**SYNTEGON TECHNOLOGY SOUTH AFRICA**  
STAND NUMBER: 23

Processing and packaging for a better life – this is what 5,800 **Syntegon** employees work for every day. Be it with individual machines, automated packaging systems, or services, Syntegon helps its customers in the global pharmaceutical and food industries to improve people's lives with more than 160 years of experience.

In pharmaceutical packaging and processing, its intelligent technologies enable the safe and high-quality production, processing, filling, inspection, and packaging of liquid and solid pharmaceuticals. In the area of food packaging and food processing technology, Syntegon offers innovative and reliable solutions for various products like bars, cookies, confectionery, fresh and frozen foods, as well as dairy products. Syntegon is therefore a leader in the development of sustainable packaging solutions that reduce the energy consumption (of its machines) as it pursues its ambitious goals to lower its emissions.

**TCY MACHINERY CO. LTD**  
STAND NUMBER: C7

**TCY Machinery** is a specialized manufacture and exporter of all sizes of flexo printer and corrugated machinery and has long been established over 50 years as a leading supplier of both corrugated and converting machinery with over 1,000 installations worldwide.

**TECPAK AGENCIES LTD**  
STAND NUMBER: 22

At **TECPAK AGENCIES LTD**, we supply and offer support to industrial coding and printing machinery across the east african region. We supply HITACHI IJ CODING MACHINES (inkjet and laser printers) which is a renowned coding solution worldwide due to its reliability, cost effectiveness and ease of use. We also supply and offer support to TTO, desktop thermal printers and industrial garment printers. We also supply complementary solutions like label design software, conveyor systems as well as related consumables and spares.

**SOREMA DIV. OF PREVIERO N. SRL**  
STAND NUMBER: F20

With 50 years of experience, **SOREMA div. of PREVIERO N. SRL** has become a benchmark in the engineering and manufacturing of plastics recycling plan.

**SP ULTRAFLEX SYSTEMS PRIVATE LTD**  
STAND NUMBER: D10

access to key areas of the machine while it runs at its rated speed of 800 m/min. A rewind changeover sequence, almost all of which is accomplished with the machine in operation, enables the machine to consistently deliver output levels that are nearly twice as compared to duplex machines.

**SPHERETECH PACKAGING INDIA PVT LTD**  
STAND NUMBER: 43

Established in 2003, **Spheretech** is a prominent manufacturer, supplier, and exporter focusing on liquid packaging solutions. From conceptualisation to line installation and through after-sales service, we ensure our customers receive excellent support, minimising machine downtime. We cater to various industries, including edible/cooking oil, engine oil, juices, sauces, dairy, automotive lubricants, cosmetics, pesticides, cleaning solutions, and general chemicals.

Pioneering innovation, Spheretech was the first to introduce the true volume setting concept on PLC panels for liquid filling machines, allowing volume to be set in 1 ml intervals, ensuring very high accuracy. Our flagship products include automatic liquid filling machines (linear & rotary) based on principles such as servo motors, flow meters, and load cells. We also offer capping machines, induction cap sealers, labelling machines, liquid nitrogen dosers, case formers, and case packers.

Our added feature is the ability to deliver comprehensive turnkey solutions for end-to-end packaging lines, providing a one-stop solution for our customers.

**STARLINGER RECYCLING TECHNOLOGY**  
STAND NUMBER: B9.2

**Starlinger Recycling Technology** is a business unit of Starlinger & Co GmbH, world market leader in the field of machinery and process technology for woven plastic sacks.

For more than 30 years, Starlinger Recycling Technology has been supplying machinery solutions for the recycling and refinement of a wide scope of plastics such as PE, PP, PA, PS, BOPP and

PET. The recycling processes for producing food-safe rPET and rHDPE regranulate have been approved for use in food applications by many brand owners as well as various national and international authorities.

Extensive technical expertise as well as the worldwide sales and service network help customers achieve optimum results in the manufacturing process.

**SUN CHEMICAL**

STAND NUMBER: D12

**Sun Chemical**, a member of the DIC Group, is a global leader in packaging and color solutions including functional materials such as inks, pigments, coatings, adhesives, polymers, liquid compounds, and high-purity specialty chemicals. With annual sales of over \$8.5 billion, Sun Chemical serves its business partners with 310 employees in Turkey and over 11,000 employees worldwide. Its headquarters is in Parsippany, New Jersey, U.S.A. Sun Chemical Turkey has production facilities in zmir Çi li (headquarters), zmir Alia a and Gebze. It has an office and warehouse in Istanbul. In addition, Sun Chemical Turkey is the headquarters of Egypt, the Balkans, the Caucasus, the Turkic Republics, and Russia.

**TECHPAK INDUSTRIES LTD**  
STAND NUMBER: 20

Since its inception in 1995, **Techpak Industries LTD** has grown to become a leading provider of innovative packaging solutions across East and Central Africa. Known for high-quality, sustainable products, Techpak offers a wide range of packaging options, from food-grade containers and PET jars to specialized horticultural products and paper packaging. With state-of-the-art technology and certifications like ISO 22000 and FSSC, Techpak is committed to environmental sustainability, product excellence, and customer satisfaction.

#### Mission

To provide innovative, high-quality packaging solutions that enhance convenience, hygiene, and celebration experiences for our customers. Techpak is committed to sustainable and socially responsible business practices that meet our customers' needs while protecting the environment.

#### Vision

To be the leaders in innovative packaging, recognized for enhancing brands and delivering exceptional value across East and Central Africa.

#### Values

- **Innovation:** Continually improving and adapting our products to meet the evolving needs of our customers and industry.
- **Quality:** Maintaining the highest standards in product design, materials, and manufacturing processes to ensure customer satisfaction.
- **Sustainability:** Fostering environmentally responsible practices in product development, packaging, and waste management.
- **Customer Commitment:** Building lasting relationships by listening to and anticipating our clients' needs.
- **Integrity:** Upholding ethical practices and transparency in all our business operations.

Continued on page 16

**TETRA PAK LTD**

STAND NUMBER: A1

**TETRA PAK** is a world leading food processing and packaging solutions company. Working with our customers and suppliers, we provide access to safe, nutritious food for hundreds of millions of people in more than 160 countries every day. With over 24,000 employees worldwide, we commit to making food safe and available, everywhere, and we promise to protect what's good: food, people and the planet.

More information about Tetra Pak is available at [www.tetrapak.com](http://www.tetrapak.com)

**THE PACKAGING GROUP GMBH**  
 STAND NUMBER: D13

**One TPG: Three Brands, One Mission**

FAWEMA | HDG | WOLF – Together, we form **TPG**, a powerful synergy in the world of packaging technology. At TPG, we combine specialized expertise, cutting-edge technology, and an expanded global network to develop tailored packaging solutions that meet each

customer's unique needs. With a firm belief in sustainable progress, we help customers navigate environmental challenges without compromising performance. For us, sustainability and efficiency go hand in hand.

**TRICON ENERGY LTD**  
 STAND NUMBER: A11

With over 28 years in business, **Tricon** is an industry leader in the global trade and distribution of chemicals, polymers, raw materials, and fertilizers.

**UCHUMI QUICK SUPPLIERS LTD**  
 STAND NUMBER: B1

Based in Nairobi, **Uchumi Quick Suppliers LTD** is a leading supplier of Processing, Packaging, Coding and Quality Assurance equipment in East Africa. For the last 42 years, its name has been synonymous with quality, excellence and the know-how to help you grow your business.

**UCIMA - ITALIAN PACKAGING MACHINERY MANUFACTURERS' ASSOCIATION**  
 STAND NUMBER: 79

**UCIMA** (Italian Packaging Machinery

Manufacturers' Association) is the national trade association that represents and supports the Italian packing and packaging machinery manufacturers. It has about 200 member companies from all over the country, including the industry leaders.

**UNIVERSAL PACK SRL**  
 STAND NUMBER: F11

Leading global company since 1965 in the production of vertical multilane packaging machinery and automatic lines for the food, pharmaceutical, nutraceutical, cosmetic and chemical industries. Customized stand-alone machines with dosing systems designed specifically to pack a wide variety of products ( liquid, pasty, granular, powdery, tablets or capsules) in 4-side seal sachets, shaped and STICK packs.

**USED GERMAN MACHINES GMBH**  
 STAND NUMBER: C18

**UGM** is a global leader in buying, selling, and refurbishing second-hand Tetra Pak® and beverage processing equipment. With over 28 years of expertise, we provide high-quality solutions, spare parts, and technical services. We also supply bottling lines for water, CSD, and juices in PET, cans, or glass, ensuring efficiency and reliability for our customers worldwide.

**USS PACTECH (PTY) LTD**  
 STAND NUMBER: C17

**USS Pactech** has been supplying and servicing packaging equipment to the FMCG and pharmaceutical industries in South Africa and Sub-Saharan Africa since 2000. Our company has its head office in Johannesburg, South Africa with branch offices and service support in Durban, Cape Town and Port Elizabeth.

Its success is based on a formidable track record of installations and projects with almost every large FMCG and pharmaceutical company in South Africa and beyond. USS Pactech partners with leading OEM's that are highly specialized and have core competence in their respective fields and industries, coupled with local engineering and service resources. Our seamless, integrated approach towards local value-added service solutions encompasses consultation, project management, turn-key competence, after-sales service, technical support and skills development. In short, 360 ° solutions and partnerships with our clients.

**VERTIV**

STAND NUMBER: B3.1

**VINMAR INTERNATIONAL LLC**  
 STAND NUMBER: B8

**Vinmar** is a global marketing and distribution company that brings value to the world's leading producers and users of plastics and chemicals through the supply of best in class products and tailored business solutions.

**VR PRINT (PTY) LTD**  
 STAND NUMBER: C12

**VR Print** specialises in premium labels and printing solutions, offering self-adhesive labels, peel & read (butterfly) labels, and security & product protection solutions. With 25+ years of experience, the focuses on sustainability and advanced technologies like variable data printing and secure QR codes, serving markets including agrochemicals, pharmaceuticals, petroleum, specialty chemicals, and cosmetics.

**WANROOE MACHINERY CO.LTD.**  
 STAND NUMBER: A8

**WANROOE** is a professional manufacturer, exporter and supplier of plastic processing machinery. The registered capital is 10 million yuan. Since its inception, Wanrooe has always adhered to the business philosophy of never stop to improve the quality and service.

**WENZHOU RUIZHI PACKAGING MACHINERY CO. LTD**  
 STAND NUMBER: C16

Wenzhou Ruizhi Packing Machinery Co., Ltd., founded in 2003 and located in Wenzhou, Zhejiang Province, covers an area of 50 acres. With 21 years of experience in manufacturing eco-friendly paper bag machines, Ruizhi is one of the earliest companies to innovate in packaging machinery. We are a privately-owned

enterprise focused on the R&D, production, and sales of eco-friendly paper bag machines. Our products are sold across China and exported to over 80 countries and regions worldwide, including Europe, Asia, and Africa.

**WHERE TO PRINT**

In a bid to responsibly promote the print & allied industries in Nigeria and Ghana, **WHERE To Print magazine** was produced by **NUMBERS CMYK LTD (RC 728214)** almost two decades ago and in 2020, **WHERE To Print Ghana** was birthed vide **NUMBERS CMYK GHANA LTD (CS024612020)** to continue to promote and positively influence print purchase decisions in these countries both in print and online – [www.wheretoprintmagazine.com](http://www.wheretoprintmagazine.com)

Over the years, the publications have consistently worked and partnered with organisers of **PROPAK** brands in Africa especially in East, South and West Africa where we promote the largest packaging, plastics, food processing, labelling and print exhibitions in the regions i.e. **PROPAK Cape, PROPAK East Africa, PROPAK Ghana, and PROPAK West Africa.**

More importantly, we have also been publishing **PROPAK West Africa DAILY, PROPAK East Africa DAILY** and **PROPAK Ghana DAILY** to improve exhibition experience during the 3-Day show by reporting product launches, daily happenings, interviews/ news, and industry reports on a daily basis which is circulated free-of-charge to all participants (visitors, VIP Guests and exhibitors alike). With a minimum of 500 copies produced and distributed at these events every day, the DAILY has become the official mouth-piece and memorabilia of the shows giving value to all participants especially advertisers whose target markets are covered during the industry-dedicated events.

To partner with us to get into these specialised markets in Africa, email: [wheretoprint@yahoo.com](mailto:wheretoprint@yahoo.com) or call/ WhatsApp: +2348038629114 or +2349012399805.

**WICHMANN SYSTEMS LTD**  
 STAND NUMBER: A0

**Wichmann Systems** delivers top-tier industrial coding, marking, and labelling solutions that maximize production efficiency and minimize downtime. With a strong presence across Kenya, Uganda, and Tanzania, the company provides cutting-edge technology and expert support, partnering with manufacturers to ensure seamless operations, regulatory compliance, and long-term reliability in fast-paced production environments.

**WINDMÖLLER & HOLSCHER KG**  
 STAND NUMBER: C1

**Windmüller & Holscher** is world leader for machinery and systems for the manufacturing and converting of flexible packaging. The product portfolio includes high-performance machines for film extrusion, printing and converting. As a global company W&H offers its clients everything from a

single source: from expert consultation and engineering to the delivery of high quality machines and complete packaging production lines. Besides extrusion lines, extrusion coating lines, roll to roll printing machines and valve bottomers W&H offers the entire portfolio of auxiliary downstream equipment for the production of woven sacks.

In the W&H group, GARANT is the specialist for paper bag machines and carrier bag machines, film carrier bag machines and large sack machines or machines from the printing and finishing sector: GARANT offers new or second hand machines for your production of precisely fitting packaging.

Approximately 3,200 employees create optimal solutions for the individual production tasks of flexible packaging producers – bringing the corporate philosophy "Passion for innovation" to life. Machines by Windmüller & Holscher are in use in over 130 countries.

# EASTERN AFRICA PACKAGING SUMMIT

21ST MAY 2025 | SARIT CENTRE

**Driving Innovation Sustainability  
and Growth In Packaging**

## The Future of Packaging Starts Here!

Join industry leaders, innovators, and policymakers at the Eastern Africa Packaging Summit 2025, the region's premier platform for advancing sustainable and innovative packaging solutions. With the esteemed presence of the **CS, Ministry of MSMEs**, this event will explore cutting-edge trends, regulatory developments, and strategies shaping the industry.

**Presence of the office of the  
Ministry of Co-operatives &  
Micro, Small & Medium  
Enterprises Development**

MINISTRY OF CO-OPERATIVES AND MICRO,  
SMALL AND MEDIUM ENTERPRISES DEVELOPMENT  
KENYA

## Why Attend?

- ◆ Stay ahead with the latest packaging trends & innovations
- ◆ Navigate regional & global packaging regulations
- ◆ Explore sustainable packaging & circular economy solutions
- ◆ Network with industry leaders, policymakers & innovators

## Key Topics:

- ◆ **Sustainable Packaging** – A Competitive Edge for Market Access
- ◆ **Regulatory Compliance** – Adapting to Regional & Global Standards
- ◆ **Financing Packaging Technologies** – Unlocking Opportunities
- ◆ **Smart Packaging & Digital Transformation** – The Future for MSMEs
- ◆ **Food Preservation & Packaging Innovations** – What's Next?
- ◆ **Circular Packaging Design** – Standards & Best Practices

*Don't miss this game-changing event!*

**PROPAK  
EAST AFRICA 2025**

Traders in Polymers, Fillers,  
Masterbatches & Chemicals.

**XSYS GERMANY GMBH**  
STAND NUMBER: C4  
**XSYS**  
Print solid. Stay flexible.

**XSYS**, based in Willstätt, Germany, is a global leader in flexographic and letterpress prepress solutions. Its portfolio includes nyloflex®, nyloprint®, ThermoFlexX, Catena, rotec® sleeves and adapters, and more. With a Gold Medal from EcoVadis, XSYS drives innovation, sustainability, and brilliant print results across the packaging industry.

**ZAKKA MULTITEC KENYA LTD**  
STAND NUMBER: 9

A leading provider of industrial machines and services for the Food, Beverage, Dairy, Personal & Home care, and Pharma industries. **Zakka Multitec** is present in 10 countries, with headquarters in the UK, and branches across the Middle East, Africa, and Europe.

**ZHANGJIAGANG ALPS MACHINE**  
STAND NUMBER: C15

**Alps Machine Co., LTD** was founded at 2011 and started with beverage filling and packing machinery. The company is a leading manufacturer of beverage filling solutions. These include: water treatment system, water filling machine, labeling machine, packing machine, CSD production line, juice production line, 5-gallon water production line, PET bottle blowing machine, Injection molding machine.

**ZHANGJIAGANG CITY AK MACHINERY CO., LTD**  
STAND NUMBER: B7

**Zhangjiagang City AK Machinery Co., LTD** is a Professional Manufacturer of Filling and Packaging Machinery.

**ZHANGJIAGANG DATONG MACHINERY CO.LTD (CFPMA)**  
STAND NUMBER: A15

Our main products include: 1. water filling production line 2. Soft drink filling complete line 3. Juice and tea hot filling complete line 4. 3-5 gallon barreled water filling production line 5. Beverage can filling line.

## CONFERENCE PROGRAMME

A fresh and dynamic approach to the Propak East Africa 2025 Conference, **"Unwrapping the Future."** This year, we are not just exploring industry trends but unveiling a new take on the conference experience.

### CONFERENCE HIGHLIGHTS:

**DAY 1: Comprehensive Plastics Training & Recycling Insights** – Led by Plastics SA, this session will provide in-depth training and expert perspectives on plastic recycling.

**DAY 2: Eastern Africa Packaging Summit (3rd Edition)** – Bringing together industry leaders to discuss innovations, trends, and the future of packaging in the region.

**DAY 3: Smart and Sustainable Manufacturing: Trends, Innovations & Financial Solutions** – A deep dive into cutting-edge technologies, sustainability strategies, and financing models that are shaping the future of manufacturing in East Africa.

Participants will gain valuable professional insights, engage with industry experts, and network with key plastic, printing, packaging, and processing players.

### DAY 1 - TUESDAY 20 MAY 2025

**ANNABE PRETORIUS**

Executive Technical Operations,  
**PLASTICS SA**

**Plastics | SA**

**INTRODUCTION:** 8.30 - 8.45  
**PLASTICS FAMILIES:** 8.45 - 9.30  
**PET:** 9.30 - 10.00  
**PE-HD:** 10.30 - 11.00  
**TEA BREAK:** 11:00 TO 11:30  
**PVC (RIGID AND FLEXIBLE):** 11:30 - 12:15  
**PE-LD AND PE-LLD:** 12:15 - 12:45  
**LUNCH BREAK:** 13:15 - 14:00  
**PP:** 14:00 - 14:30

**STYRENICS: PS, PS-E AND CO-POLYMERS (ABS, SAN):** 14:30 - 15:00  
**MULTI-MATERIALS AND MULTI-LAYERS:** 15:00 - 15:30  
**END-OF-LIFE SOLUTIONS:** 15:30 - 16:15  
**DISCUSSIONS / QUESTIONS & ANSWERS:** 16:15 - 17:00

**KIRTIDA BHANA**

Head, Academy for Learning and Development Head -  
Academy for Learning and Development, **PLASTICS SA**

**PLASTICS SA ACADEMY FOR LEARNING AND DEVELOPMENT:**  
12:45 - 13:15

**Kirtida Bhana** is a seasoned Learning and Development professional with over three decades of experience in skills development, training, and leadership within the plastics manufacturing sector. As the Head of the Academy for Learning and Development at Plastics|SA, she plays a pivotal role in shaping the Skills Development Agenda, managing training programs, and fostering industry collaborations. She serves as a Non-Executive Director on the merSETA Accounting Authority and chairs the Plastics Chamber Committee, contributing to strategic decision-making in the manufacturing and engineering education sector. Kirtida is also actively involved in curriculum development and academic advisory at Tshwane University of Technology, ensuring alignment between industry needs and education. Academically, she holds a Higher National Diploma in Polymer Technology and is currently pursuing an MBA at the University of East London in the UK. She has also completed executive education programmes at Wits School of Governance, including **Leadership in Board Governance and Research Conceptualisation for Public Sector Researchers**, where she received an academic achievement award as the top student in her cohort. Recognised for her analytical thinking, governance expertise, and commitment to innovation, Kirtida continues to drive workforce development and operational excellence in the industry.

# Plastics, Recycling Sustainability Training

**Sarit Expo Centre**  
**20th May 2025**  
9:00am – 5:00pm

The plastics industry is evolving—are you keeping up?

Join a one-day intensive training session led by global experts

**Annabé Pretorius** and **Kirtida Bhana** to gain the latest insights on Plastic materials, Sustainability, and Recycling innovations.

**Annabé Pretorius**  
Trainer | Plastics SA  
Executive Technical Operations

**Kirtida Bhana**  
Plastics SA  
Head: Academy for Learning & Development

## About Plastics SA

Plastics SA is a leading organization driving plastics industry standards, training, and sustainability efforts across Africa. With expertise in polymer science, recycling, and circular economy strategies, Plastics SA is at the forefront of shaping a more sustainable plastics industry.

## Why You Should Attend?

- ◆ **Master Plastics 101**  
Understand PET, PP, Styrenics & more
- ◆ **Discover the Future**  
Advances in bio-plastics & biodegradable materials
- ◆ **Solve Recycling Challenges**  
From waste collection to circular economy strategies
- ◆ **Navigate Compliance**  
Align with evolving sustainability regulations
- ◆ **Upgrade Your Expertise**  
Learn from top industry leaders & case studies

## Key Topics

- ◆ The full spectrum of plastic families & their applications
- ◆ Innovations in bio-plastics & biodegradable materials  
Circular economy & recyclates market trends
- ◆ Waste management solutions: collection, recycling, pyrolysis & energy recovery
- ◆ Material selection & compliance with global sustainability standards
- ◆ Overcoming key challenges in recycling: collection, processing & reusability
- ◆ Compliance & sustainability standards in packaging

*Learn from global experts. Network with industry leaders. Take your expertise to the next level.*

**Don't miss out on this game-changing training session!**  
Spaces are limited, so register now to stay ahead in the ever-evolving world of plastics and packaging.

**Seats are limited**  
**Register now!**

**Plastics | SA**

**8 CPD points & Certificate**

**Collaborating Partner**

**Registration Fee**  
**Ksh 2,000**

## SLITTING, INSPECTION & REWINDER SYSTEM

Fully servo-driven vertical model, which ensures low maintenance and an output rate of up to 300m/min. The stringent web control and management system ensures 100% accuracy.

# ECOTOOL

ROTOCON's smooth transition into flexible and rotary die manufacturing reflects its commitment to customer satisfaction and high standards, supported by a state-of-the-art die testing station with a magnetic cylinder, standard undercut/air gap, and adjustable pressure gauges.

# ROTÜCON

Powerful solutions for  
label printing and converting
