As the door of the Grand Arena of Accra International Conference Centre (AICC) opens today - **Tuesday 23 April 2024** for the second edition of industry premier show - **PROPAK Ghana, over 2,500 visitors** are expected to connect and engage with more than **100 brands** across the manufacturing supply chain to learn new trends, industry developments, and experience cutting-edge technology from some of the world's leading brands, original equipment manufacturers (OEMs), and suppliers.

Serving the wider West Africa region, **PROPAK Ghana** returns

to Accra, Ghana (**April 23 to 25**) where visitors will see different range of products, solutions, and live machine demonstrations on display projected to drive innovation and sustainable development across the packaging, printing, food-processing and plastics industries over the next three days.

And with endorsement and support from relevant bodies and governmental institutions, this year PROPAK Ghana promises to be transformative as visitors look forward to educative presentations as well as insightful discussions during the carefully put

together conference sessions designed to spark meaningful conversations and stimulate positive thoughts for smart and sustainable actions within manufacturing value chain.

With theme that centres on **Packaging Innovations**, the conference sessions and panel discussions (flip over to **page 15** to see full programme line-up) will feature thought-leaders and innovators from across the sector and its auxiliary services for participants to learn from. Therefore, the first day will bring together a wide range of companies and experts that cover carefully construed topics

From page 1

such as: 'Smarter Packaging', 'Packaging Innovation', 'The impact of Digital Printing on branding and labelling and opportunities in Sustainable Packaging in Ghana'.

The second day, put together in collaboration with the event's Strategic Partner - KPMG, is under the subject matter: 'Winning with Sustainability'. The day will revolve around the central theme of sustainability with the day split to look at 'Thriving with Sustainable Finance' in the

morning and 'Empowering Sustainable Innovation' in the afternoon. As ever, KPMG's knowledge and understanding of the subject area will provide exceptional insight to all attendees.

On the third and final day, the sessions switch to trainer-lead Executive Masterclasses powered by the Africa Trade Academy. With a session covering 'Branding, Packaging and Labelling' followed by 'Opportunities for export marketing and AfCFTA Trade', there is truly

something for everyone at PROPAK Ghana 2024.

Therefore; take your time to look through this DAY 1 of PROPAK Ghana DAILY you are holding and plan your schedule to ensure you have a value-driven exhibition experience throughout the next three days. You can also check out and strategically plan your engagement with the exhibitors as we present you with the full list of Exhibitors (featured with their corresponding stand locations) in the following pages:

### PROPAK GHANA 2024 EXHIBITORS' BRIEF PROFILE

#### ALL MANUFACTURING SOLUTION AFRICA LTD

Stand number: P02

We are an engineering company providing sales and service for industrial processing and packaging technology to numerous customers across West and Central Africa.

All Manufacturing Solution Africa Limited (AMS Africa LTD) is an engineering firm primarily focused in providing processing and packaging solutions in food, pharmaceutical and non-food industries across West and Central Africa. With our agile, dynamic and professional staff with wealth of experience in the industrial sales and service, we are able to provide sales of equipment, spare parts and service support throughout the machine lifecycle. AMS Africa LTD represents a good number of reputable Original Equipment Manufacturers to be able to bring about solutions to our esteemed customers. Our headquarters is located in Lagos, Nigeria.

#### ALMASSA FOR RECYCLING & MANUFACTURING PAPER CO.

Stand number: D05

ALMASSA is an Egyptian company and the Industry specialists of Test liner and fluting paper of high performance. We have export history in Africa and Asia. Our products are distinguished by high quality and total customer satisfaction as we always strive to develop and increase the types of our product types and offerings.

#### AMENA AFRICA

Stand number: N13

#### BETA GLASS PLC

Stand number: K06

Beta Glass is a member of the Frigoglass Group, the major supplier of glass packaging in emerging markets of West Africa. Our operations represent West Africa's largest glass container capacity, encompassing two plants and three furnaces that exceed 720 tons of produced glass containers per day. Frigoglass Industries Nigeria Limited is a strategic partner to world's top beverage brands, one of the global leaders in the Ice-Cold Merchandises (ICM) market and the principal supplier of glass packaging in West Africa. Frigoglass also produces plastic crates and metal crown corks for both alcoholic and beverage drinks.

Beta Glass, the glass division has recently completed a new ultra-modern furnace that would increase its production capacity by 35,000 tons per annum. This huge investment of €30 million is the first of its kind in Africa that has pioneered the use of Narrow Neck Press and Blow (NNPB) technology which will enable production of lighter weight non-returnable glass bottles for the first time in West Africa. This investment will also prepare Beta Glass for new expansion and growing demand for glass and jars in Nigeria and across West Africa.

Through a wide range of glass containers, we provide superior packaging solutions to a variety of customers operating in the soft drinks, beer, spirit, cosmetics, food and pharmaceutical market segments. We manufacture and sell glass bottles of high quality and specification in an array of shapes, sizes, colours and weights. We are the only strategic supplier in this region who can simultaneously supply the principal colours (Flint, Amber and Green bottles).

We can be reached on:

Tel: 234 (1)906 3200.

#### BRY-AIR (ASIA) PVT. LTD

Stand number: M06

Bry-Air is a global leader in dehumidification and offers comprehensive solutions in moisture / humidity control across various industries, including food, with applications like powder food, spices, confectionery, potato chips, tea, etc. A Pahwa Group company, Bry-Air Asia operates four state-of-the-art manufacturing facilities in India and has fully owned subsidiaries in Malaysia, China, Switzerland, Brazil, and Nigeria, along with an associate plant in the US. With a strong sales and service network, Bry-Air has installations in over 85 countries across various industries, demonstrating the Pahwa Group's commitment to innovation.

It should interest you to know that Bry-Air has over five decades of experience in applications, manufacturing and engineering and R&D in the field of dehumidification & environment control solutions, with several patents to its credit. ISO 9001:2015 and ISO 14001:2015 certified, Bry-Air plants are among the most modern in the industry, supported by strong R&D & testing, computerized 3D designing, CNC fabrication, powder coating facilities and automated conveying system. Bry-Air's R&D centre is recognized by the Department of Science and Technology and is undoubtedly one of the finest in the industry. The centre is constantly engaged in state-of-the-art product development in desiccant based and fluted media technologies. Bry-Air has filed many international patents and several of them have been granted. Bry-Air specializes in designing and manufacturing desiccant based engineered dehumidification systems capable of handling demanding applications such as lithium-battery, pharmaceutical, food processing, semiconductor, electronic industry, turbine storage, cold storage etc.

Bry-Air (Asia) has been at the forefront of dehumidification and industrial air treatment technology with product range that also includes:

- Dehumidifiers for humidity control and moisture removal
- Gas Phase Filtration Systems for removal of corrosive and odorous gases
- Plastic Auxiliaries for Drying and Conveying
- Dry Room critical for Lithium Battery production
- Adsorption Chiller for Energysmart Cooling using Waste Heat
- High Temperature Wheel for Waste Heat Recovery

The company's range of products find application in all industries and has installation in over 80 countries including South East-Asia, China, CIS countries, Indian subcontinent, West Asia, Middle East and Africa including South Africa & Australia as well as USA and Japan. The product range is backed by a team of highly trained engineers.

Summarily, Bry-Air specializes in designing and manufacturing desiccant based engineered dehumidification systems capable of handling demanding applications such as Food Processing Industry, Pharmaceutical, Cold Storage, and many other applications. For more information, visit [www.bryair.com](http://www.bryair.com)

## “OUR OBJECTIVE IS TO MAKE THE PRODUCTS AVAILABLE AT AFFORDABLE PRICES TO OUR CUSTOMERS”

- MR. SHREE MAN NARAYAN, HEAD - BUSINESS DEVELOPMENT, JAY KAY INDUSTRIES & INVESTMENTS LTD

As a customer-focused company, **Jay Kay Industries & Investments LTD** interest has always been total customer satisfaction in terms of quality and affordability which in turns grows the economy. That is why **PROPAK Ghana 2024 DAILY Team** caught up with Jay Kay Head of Business Development - **Mr. Shree Man Narayan** to find out which innovative and affordable solutions the company is showcasing at this year **PROPAK Ghana** that can deliver what the customer needs in terms of value, quality and satisfaction. Read on:

boxes and many more which are locally made in Ghana. Come visit our Stand L01 during PROPAK Ghana 2024 to see them and find out how they can add value to their businesses.

### ARE THERE SPECIALS, PROMOS OR DISCOUNTS THAT YOU'RE OFFERING TO YOUR CLIENTS AT THIS YEAR'S SHOW?

We will be introducing paper-based products for food packaging.

### WE UNDERSTAND THAT JAYKAY ALSO DEALS IN PRINT CONSUMABLES AND SUBSTRATES; CAN YOU LET US KNOW ABOUT THESE OFFERINGS?

We are currently dealing in print consumables and substrates and would like to showcase these products too to visitors. Please come to our **Stand L01** and see for yourself.

### WHAT ADVICE WILL YOU GIVE TO A POTENTIAL CUSTOMER SEEKING THE BEST PRODUCT, SERVICE DELIVERY, AND VALUE FOR MONEY?

Our objective is to make the products available at affordable prices to our customers and will continue to provide them with the best of our services using the latest technologies available in the market.

### HOW CAN YOUR CURRENT AND POTENTIAL CUSTOMERS CONNECT WITH YOU BOTH PHYSICALLY (IN THE COUNTRY) AND ONLINE AFTER THE SHOW?

They can always connect with us on social media, direct lines or just walk in to our state-of-art services division based in Accra for their products requirements.

### WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS (DURING AND AFTER THE SHOW) TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANYDAY?

We are committed to provide the best customer service before and after to the customer and are always happy to receive their feedback on our services to them.

### AS A REGULAR EXHIBITOR, WHAT ARE YOUR EXPECTATIONS AT THIS YEAR'S PROPAK GHANA?

We are delighted to be an exhibitor in this year edition too and look forward to showcase our paper-based packaging products and expect to have a good number of foot falls to our **Stand L01** compared to last year.

### WHAT IS YOUR THOUGHT ON THE POTENTIALS OF GHANA AS A DESTINATION OF CHOICE FOR BUSINESSES IN AFRICA?

Ghana offers a wide range of investment opportunities in various sectors such as mining, agriculture, real estate and tourism. Ghana is blessed with stable political environment, a growing economy, and a wealth of natural resources.

### WHAT ARE THE CHALLENGES IN DOING BUSINESS IN GHANA AND HOW BEST TO DEAL WITH THEM?

The challenge is only on the currency not being stable and inflation. As we are going to go on a General Election this year, we look forward to witness a lot of policy reforms which will benefit business houses.

### WHICH PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET AND WHY ARE THEY DIFFERENT FROM COMPETITION?

We are offering special paper-based packaging for the food industry such as specialized paper cups, corrugated

### MESSAGE TO YOUR CURRENT AND POTENTIAL CUSTOMERS?

We request that our current and potential customers should please come and explore paper-based packaging solutions all under one roof.

### FINALLY, WHAT ARE YOUR EXPECTATIONS FROM PROPAK GHANA 2024?

We are exhibiting our products and are expecting to receive current and potential customers to our **Stand L01**.

### TELL US ABOUT YOUR COMPANY?

As our tag line states: "Everything to Anything in Paper", we are the leading supplier of paper and sole distributor of JK 5 Star, Champion, Double 'A', JK Copier and Stack branded A4 & A3 size Photocopier Papers and NATARAJ Stationery Products. Jay Kay Industries & Investments LTD is the one-stop solutions for printing and packaging requirements in Ghana.

THANK YOU FOR YOUR TIME.

From page 3

**CAM**

Stand number: M07

**CAM**, founded in 1949, has been the first Italian designer of automatic machines for packaging into cartons. Throughout the years, Cam range of machines has expanded and CAM can now supply complete packaging lines for all industrial sectors including Pharmaceutical, Cosmetic and Food. At present, CAM trade mark represents a structure involving 14 Manufacturing Companies, 19 Trade Centers with Agents distributed in 27 countries and 15 After Sales Centers to provide technical assistance throughout the world. CAM employs more than 700 people, has a turnover of 110 million euro per year and sold over 22,000 machines worldwide. Due to over 70 years of experience, CAM is able to supply complete lines of machines with feeding units suitable to handle all types of products, whether liquid

or solid, powders, granulates or cream, with standard or special shaped packs. Such flexibility puts CAM in condition to be capable to meet any requirements of local contractors, multinational companies with facilities in emerging countries such as China, India, Brazil, Middle East and Africa, where CAM has been firmly present for years.

**CASFIL**

Stand number: S03

**CASFIL** is a manufacturer of flexible films for packaging, with a leading position in Portugal and a strong export activity. The production sites of 55.000m<sup>2</sup> of covered area are located in Aves and Santo Tirso.

By optimizing and upgrading our technologies and expanding our production capacity, we are able to offer a wide range of flexible films of BOPP (bioriented polypropylene), CPP (cast polypropylene), LLDPE (linear low-density polyethylene), LDPE (low density polyethylene) and medium and high barrier, which fulfil the packaging industry needs in general, including the food sector.

CASFIL has implemented quality and food safety management systems, according with the international standards ISO 9001:2015, BRCGS Packaging Materials e ISCC PLUS International Sustainability and Carbon Certification.

We have agile and multilingual customer service team, supported by experienced technical and R&D professionals. We look forward to assisting your requests in:

**NEW PRODUCTS**

**C30 - CIRCULAR FILMS (BOPP, CPP, PE, Barrier):** Circular films allocate recycled circular raw material converted by advanced recycling (e.g. mixed plastic waste), by an ISCC PLUS certified mass balance approach. Advanced recycling does not replace mechanical recycling, but it starts where mechanical recycling stops. Food contact approved.

**BC30 - BIO-CIRCULAR FILMS (BOPP, CPP, PE, Barrier):** Bio-circular films allocate recycled bio-circular raw material from renewable feedstock (e.g. waste cooking oil), by an ISCC PLUS certified mass balance approach. The renewable-base films help to reduce the carbon footprint. Food contact approved.

**ROVACEE:** Mono-material PE vacuum packaging high barrier film. Food contact approved.

**PCR30 ESTRABE NB:** Stretch film for pallet hand wrapping with 30% of post-consumer recycled material (PCR). Not suitable for direct food contact.

**CTA INVESTMENTS**

Stand number: J05

**DALGAKIRAN KOMPRESOR SAN. TIC. LTD .STI.**

Stand number: P07

**Hertz Kompressoren** is a premium brand of **Dalgakiran**, one of the leading air compressor producers in the world which has developed a truly international compressed air sales and service network worldwide.

**Building the Future** Together Hertz Kompressoren was founded in Germany with the aim of manufacturing air compressors with high level of German engineering in 2005. We have been guaranteeing our customers a head start and constant progress - in line with our motto "building the future". With the development and production of compressor and equipment, we at Hertz Kompressoren will help you produce the air of the future.

We are always striving to create and manufacture products of the highest quality for worldwide customer satisfaction. We offer creative, sophisticated, yet pragmatic solutions to our clients for their many challenges.

**DROL GLOBAL CONCEPT LTD**

Stand number: G02

**Drol Global Concept** is an Engineering firm, established in 2008 to meet the engineering needs of manufacturers especially in the area of traceability. The company's niche is to provide the best printing service to production lines by partnering with manufacturers of printers who have efficient technology at a reasonable cost and introducing this onto the regional market.

In line with this, Drol Global Concept has always been on the lookout to bring the best of technology in the printing industry to our clients in the sub-region.

We can confidently say that within the traceability industry, we are the best.

With a team of experienced and highly skilled Engineers, Sales and Marketing person as well as other staff, we deliver nothing but the best service to all our clients.

Drol Global Concept has a team of dedicated, well trained and experienced staff who have garnered experience from various fields. This team works to fulfill the vision of the company. Drol's multicultural environment is a friendly, focused and disciplined.

**E-ONE MACHINERY AND SERVICES CO. LTD.**

Stand number: P15

**EL ROWAD FOR PAPER AND INDUSTRY**

Stand number: D04

**Arowad For paper Industry** is one of the leading paper mills based in Egypt. We produce all types of packaging paper used

in corrugated board, such as fluting and test liner paper. Our factory is equipped with the latest and quality control lab and testing equipment for paper in Egypt so that we can meet the needs and requirements of our customers all around the world.

**ELECSTER OYJ**

Stand number: Q03

**Elecster Oyj** is a global company based in Finland, and specialize in manufacturing, marketing and selling of Complete Milk Processing and Packaging lines with related Packaging material (polyethylene).

With over 50 years' experience in engineering and manufacturing of dairy machinery and packaging material, we have developed superior know-how required for milk pouch technology. That is why Elecster Oyj is the leading company in the world as a system supplier for UHT Lines, Aseptic Pouch Packaging Machines and Ecological Pouch Packaging Materials.

**EMIRATES PRINTING PRESS**

Stand number: C01

**Emirates Printing Press (EPP)**, Dubai is a one-stop-source for Folding Cartons and Flexible Packaging with a legacy of providing high quality printing and innovative packaging solutions for over 4 decades. We specialize in printing and producing high quality flexible laminates & pouches, self-adhesive & wrap-around labels, Folding cartons & Rigid Set-up boxes for perfumes, cosmetics, confectionaries, FMCG, Pharmaceuticals and Tobacco customers around the world.

EPP converts **1,500 Metric tons/ month of Mono films** and **all kinds of Flexible Laminates in roll form** including registered cold seal | **15 million pouches of all kinds** including stand-up, 3D with front/ slide/ pocket zipper, and laser score for easy-tear | quad seal bags | Labels | Soap wrappers with hot melt coating with different substrate combinations.

EPP converts approximately **3,000 Metric tons/ month of Folding Carton packaging** with various styles & finishes, Litho-laminated corrugated boxes, and rigid set up (show) boxes a year for the Luxury Packaging sector, FMCG, Tobacco, and Pharmaceuticals.

EPP has been supplying its products in the international markets, to demanding customers in USA, Europe, UK, Middle East, Asia and Africa.

Continued on page 8

## "WE ARE OPEN TO DISCUSSING TAILORED VALUE PROPOSITIONS ON A CASE-BY-CASE BASIS TO MEET THE SPECIFIC NEEDS OF OUR CLIENTS"

MR. ROSHAN MOHINANI, STRATEGY AND TRANSFORMATION MANAGER - MOHINANI GROUP

Established in 1966, **Mohinani Group** has evolved into a dynamic and multi-sector conglomerate, employing over 5,000 people across multiple industries. And with family values of unity over individual differences, emphasizing a collective spirit that stands firm amidst adversities, **PROPAK Ghana DAILY** discovers in this tête-à-tête with the Group's Strategy and Transformation Manager - **Mr. Roshan Mohinani** that Mohinani has maintained a prominent position in its respective business segments and continues to be a trusted partner to its stakeholders globally. Read more in excerpt below:

### AS A REGULAR EXHIBITOR, WHAT ARE YOUR EXPECTATIONS AT THIS YEAR'S PROPAK GHANA?

We anticipate attracting a targeted audience from the food, beverage, personal care, and home care industries. Our expectation is to engage with key decision-makers and stakeholders who are instrumental in driving the packaging sector forward.

### WHAT IS YOUR THOUGHT ON THE POTENTIAL OF GHANA AS A DESTINATION OF CHOICE FOR BUSINESSES IN AFRICA?

Ghana presents a stable and promising business environment with its commendable safety record. However, to enhance its appeal as a premier manufacturing hub for West Africa and a significant exporter, there's a need for policy reviews regarding duties and levies on domestic manufacturers. Moreover, ensuring a stable and consistent electricity supply is pivotal. Addressing these concerns would elevate Ghana's status as a destination of choice for businesses across the continent.

### WHAT ARE THE CHALLENGES IN DOING BUSINESS IN GHANA AND HOW BEST TO DEAL WITH THEM?

Challenges such as regulatory duties, fluctuating levies, and power supply reliability can impact business operations. We believe in proactive engagement with industry stakeholders and policy-makers to advocate for conditions that favour business growth and sustainability.

### WHICH PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET, AND WHY ARE THEY DIFFERENT FROM THE COMPETITION?

We uphold our purpose to "Deliver Global Local," focusing on delivering global quality products and services to local consumers by focusing on operational excellence, cutting-edge technology, and stringent global compliance standards. This unique selling proposition positions us to offer unparalleled packaging solutions that are tailored to the evolving needs of our clients.

### ARE THERE SPECIALS, PROMOS, OR DISCOUNTS THAT YOU'RE OFFERING TO YOUR CLIENTS AT THIS YEAR'S SHOW?

While we don't have a blanket promotion at the moment, we are open to discussing tailored value propositions on a case-by-case basis to meet the specific needs of our clients.

### WE UNDERSTAND THAT MOHINANI ALSO DEALS IN POLYTANKS AND OTHER PLASTIC MATERIALS; CAN YOU LET US KNOW ABOUT THESE OFFERINGS?

Certainly. Our offerings span various sectors:

- Roto Division: Water storage tanks, pallets, kiosks, etc.
- Bottle Division: PET preforms, plastic crates, thin-wall moulding with IML capabilities, caps, closures, and gallons for oil and lubricant applications.
- Lamination Division: Multilayer barrier laminates for food, detergents, and alcohol, along with water rolls, wrap-around labels, and PVC shrink materials.
- Sack Division: PP woven bags for general markets and fertilizers, BOPP sacks for rice and detergents, and 1-ton jumbo bags.

Mohinani Group's Strategy and Transformation Manager - Mr. Roshan Mohinani

“We're also excited to announce the upcoming launch of a first-in-Ghana post-consumer bottle-to-bottle PET recycling plant, with a second plant in Nigeria further cementing our commitment to sustainability in both local and international markets.”

- Kraft Division: 3-ply and 5-ply corrugated cartons for secondary packaging in RSC and die-cut formats.

We're also excited to announce the upcoming launch of a first-in-Ghana post-consumer bottle-to-bottle PET recycling plant, with a second plant in Nigeria further cementing our commitment to sustainability in both local and international markets.

### WHAT ADVICE WILL YOU GIVE TO A POTENTIAL CUSTOMER SEEKING THE BEST PRODUCT, SERVICE DELIVERY, AND VALUE FOR MONEY?

Leverage our extensive expertise in primary and secondary plastic and paper packaging. Our expert team is on hand to provide insights and guidance to ensure your packaging meets not only the highest standards but also drives value and efficiency for your business.

### HOW CAN YOUR CURRENT AND POTENTIAL CUSTOMERS CONNECT WITH YOU BOTH PHYSICALLY (IN THE COUNTRY) AND ONLINE AFTER THE SHOW?

Our team is accessible through our website at [www.mohinani.com](http://www.mohinani.com), which serves as a gateway to all our products and services. Additionally, we welcome visitors to our physical locations for a more personal engagement with our offerings and expert team.

THANK YOU FOR YOUR TIME.

## FEDERATION OF ASSOCIATIONS OF GHANAIA EXPORTERS (FAGE)

Stand number: N10

### FILMATIC

**We help shape the future of the packaging & filling industry with innovative & cutting-edge machines.**

Stand number: N06

Since our inception in 1979, our manufacturing facility has been located in Paarl, the middle of the Western Cape winelands district of South Africa. **Filmatic** is also part of the **Trepko Group** of companies.

As one of South Africa's top packaging systems design and manufacturing companies, Filmatic supplies packaging equipment solutions that can accommodate packaging of all types of glass and plastic bottles, sachets, tubs, cups and literally most conceivable containers and closures. We provide our services to the dairy, cream, water, beer, fruit juice, jam, honey, shampoo, dish washing liquid, ketchup, vinegar, motor oil, edible oil, wine and cider production industries to name but a few.

Combining our own manufacturing of engineered designs through a team of highly skilled mechanical and electrical engineers and the equipment sourced from approved agencies around the world, we are able to provide the complete solution in packaging needs, including all operational aspects of a turnkey packaging line, which is supported by our 24-hour service stand-by commitment through highly skilled technicians and maintenance teams that provide comprehensive services to our clients worldwide.

### FIMIC SRL

Stand number: I03

Fimic is an Italian company manufacturer and specialized supplier of automatic self-cleaning melt filtration technologies for plastics recycling.

FIMIC's history dates back to 1963 and for the last 25 years it has been recognized as a leading manufacturer and specialized supplier of automatic self-cleaning melt filtration technologies. This Italian Family company is the only one in the market with a range of five different models of automatic melt filters, capable to target highly contaminated plastics, especially post-industrial and post-consumer

plastics, and a series of screw pump solutions that allow to easily transport post-consumer plastics melted by the extruder to the filter without using gears.

FIMIC keeps improving its filtration technologies in order to meet and satisfy the needs (quality, characteristics) of recyclers, and at the same time facing the challenges of filtering out the ever-increasing contaminations in post-consumer and post-industrial plastics.

### FINEPACK INDUSTRIES LTD

Stand number: K04

Finepack Industries is one of Ghana's leading manufacturers of flexible film and packaging products serving a wide variety of clients in the food, beverage, retail and agricultural sectors. With a 20-year successful track record, we are well positioned to deliver a differentiated value proposition to our esteemed clients.

As one of Ghana's leading manufacturers of flexible packaging products offering high quality high density and low-density polythene and polypropylene packaging solutions, we serve a wide variety of clients in the food, beverage, retail and agricultural sectors. Our core competencies include extrusion, lamination and printing. Given our customer-centric philosophy, we work closely with our clients to develop customized packaging solutions that represents the ethos of their products and brands.

Our latest offering includes labels and pouches printed in digital format that offer our clients greater flexibility in MOQs, no. of SKUs, production timelines and design enhancements with no compromise to quality.

### FON LIMITED

Stand number: M05

**FON Group** is the premier Paper Trading and Manufacturing group in Ghana and has attained success in the paper industry over a 35-year span in business. We are Ghanaian owned manufacturing group that began operations in paper trading and gradually branched out into Paper Converting & Manufacturing. Fast forward to present day, the **FON Group** has grown to establish 4 subsidiaries each with industry leading footprints in the various sectors of Trading, Security and General Printing, Corrugated and Paperboard Packaging and Food Grade Packaging.

Our aim is to become a key player in the Corrugated carton box and Folding Box Board market in the Ghanaian industry for all

consumer packaging needs.

#### Our philosophy

Our Philosophy is that Innovative Manufacturing techniques can be implemented in Africa championed by local players who can spearhead the new era of African innovation in business. We take pride in the high-quality equipment, raw materials and talent that we possess with exceptional experience in the paper industry second to none.

#### Our Mission

Our mission to be the example of a pioneering manufacturing group in Africa that demystifies the falsehood of Manufacturing being pioneered only by the people of the West. We aim to motivate fellow Ghanaian and West-African industries to impose quality and innovation as the main foundation of success. We strive to establish mutually beneficial long-term relationships with all our clients to deliver exceptional and innovative packaging solutions that meet global standards.

#### Our Values

We believe innovation is key in today's dynamic manufacturing environment. We are constantly innovating and sourcing high quality raw materials in order to provide clients with the best value for money. Our values are driven by a simple and direct principle: enhanced performance leads to increased productivity; increased productivity speeds up the economic cycle and speeding up the economic cycle benefits the private sector and people as a whole.

#### Our Ambitious Goals

Our ambitious goals are to be at the forefront of the local and export market with constantly evolving and innovative manufacturing practices that would continue to raise the bar of Quality, Efficiency and Competitive Pricing and to be a pioneering Paper Converting and Manufacturing Group in Africa.

### GHANA PRINTERS & PAPERS CONVERTERS ASSOCIATION (GPPCA)

Stand number: A04

The **GPPCA**, formed in January, 1980 has been the official mouthpiece of Ghanaian industries using paper and paper products as their basic raw materials. GPPCA is committed to helping the printing industry to grow and develop to the benefit of both the individual and the industry. GPPCA seeks to organize all Printers, Paper Converters and allied service companies for the expressed purpose of promoting the special interests of the printing and its allied industry. GPPCA as an association, prepares and presents memorandum and policy papers on matters affecting the industry to the government, policy makers and interest groups for consideration. Also, GPPCA is in constant link with the government, opinion leaders and business community to articulate members concerns for a better economic environment. In addition, GPPCA organizes workshops, seminars and breakfast meeting to update the business and managerial competence of its members.

## “OUR TARGET IS TO EXPORT OUR PRODUCTS WORLDWIDE”

-MR. RAED JARRAR, EXPORT SALES MANAGER - LIBERTY PACKING MANUFACTURES

Founded in 2021 in order to serve customer requirements at the highest possible level, **Liberty Packing Manufactures** is a Doha, Qatar based corrugated cardboard packaging manufacturer with a difference. In this SPECIAL FEATURE INTERVIEW, **PROPAK Ghana 2024 DAILY Team** spoke with **Mr. Raed Jarrar** - Export Sales Manager, **Liberty Packing Manufactures** on what makes the company unique and why venture into new territory like Ghana. Find out in excerpt below:

### WELCOME TO GHANA; WHAT ARE YOUR EXPECTATIONS AT THIS YEAR'S PROPAK GHANA?

Thank you very much. We are expecting to meet clients as much as possible so that we can start making export business in Ghana for the first time.

### WHAT IS YOUR THOUGHT ON THE POTENTIALS OF GHANA AS A DESTINATION OF CHOICE FOR BUSINESSES IN AFRICA?

Our target is to export our products worldwide including Ghana and other African countries because Africa is blessed with high population density and emerging countries. So, we know that the demand here will be high compared to our local market.

### WHAT ARE THE CHALLENGES YOU FORESEE IN DOING BUSINESS IN GHANA AND HOW BEST TO DEAL WITH THEM?

The major challenges and solutions are: how to match locally manufactured goods in terms of pricing and we will do this by providing competitive prices and quality. Also, we hope to reach out to the biggest companies in all sectors while managing shipping and customs costs.

### WHICH PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET AND WHY ARE THEY DIFFERENT FROM COMPETITION?

We are Liberty Packing Manufactures from Qatar. We are one of

the leaders in carton manufacturing specializing in custom-made corrugated boxes. In addition, our products are different from others in terms of quality, competitive prices and on-time delivery.

### ARE THERE SPECIALS, PROMOS OR DISCOUNTS THAT YOU'RE OFFERING TO YOUR CLIENTS AT THIS YEAR'S SHOW?

The prices keep changing according to many things like raw materials prices, quantities, and so on. But we are going to give discount according to customers' requirements because our materials are customized and not the everyday standard materials.

### WHAT ADVICE WILL YOU GIVE TO A POTENTIAL CUSTOMER SEEKING THE BEST PRODUCT, SERVICE DELIVERY, AND VALUE FOR MONEY?

Liberty Packing Manufactures deals with the largest companies in all fields like water factory, food factory, detergent factory, juice and cargo companies. It means our quality, service delivery, and prices are very competitive when compared to others.

### HOW CAN YOUR CURRENT AND POTENTIAL CUSTOMERS CONNECT WITH YOU BOTH PHYSICALLY (IN THE COUNTRY) AND ONLINE AFTER THE SHOW?

As the Export Sales Manager, I am available online anytime for any customers inquiry on phone and WhatsApp. Furthermore, my visit will continue after the show to meet our clients' needs. Again, we can always meet face to face or online upon request.

### WHAT ASSURANCE ARE YOU GIVING TO YOUR CUSTOMERS (DURING AND AFTER THE SHOW) TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANYDAY?

Our vision is to build long term relationship with our clients. As Export Sales Manager, I'm available all the time on calls or messages and this can be confirmed from our exciting local clients.

### MESSAGE TO YOUR CURRENT AND POTENTIAL CUSTOMERS?

We are growing with our current clients. Our target is to keep and make our clients always satisfied. And for the potential customers, we are surely looking at how to make them part of our family.

### FINALLY, WHAT ARE YOUR EXPECTATIONS FROM PROPAK GHANA 2024?

We expect to close good deals and gather good data for follow up.

### TELL US ABOUT YOUR COMPANY?

Liberty Packing Manufactures is a corrugated cardboard packaging manufacturer founded in 2021. In order to serve customers' requirements at the highest possible level, we have invested in the most advanced technology available in our 13,000 square meter facility located in New Industrial Area Doha, Qatar with production capacity of more than 8,000 Metric Tons per annum. We have the capability to design and manufacture a broad range of quality products - manufactured unprinted or multi-colour flexographic printing, and/or laminating. By specializing in custom-made corrugated boxes, our company produces a wide range of corrugated items in a variety of shapes, sizes, materials, and features. All these can be customised to meet our customers' packaging design, production and on-time delivery needs.

THANK YOU FOR YOUR TIME.
