## DAILY NEWS, REPORT & INSIGHTS AT THE SHOW

### NO TIME TO WASTE: BEEHIVE OF ACTIVITIES ON DAY 1 AT PROPAK WEST AFRICA 2023

The whole three halls of Landmark Centre was a beehive of activities as participants took no notice of an early morning Lagos rain to connect, network, and explore new business opportunities at the region's international exhibition and conference dedicated to packaging, processing, printing and plastics industries – **PROPAK West Africa 2023**.

In its tenth anniversary edition this year, observers were amazed on the number of exhibitors showcasing their innovations and cutting-edge equipment live at show aimed

at greater operational efficiencies, cost/ waste reduction, environmental sustainability and overall business growth.

Not only that; with central theme of **"Strengthening the interlink between circular economy, finance and trade potentials in the plastic and packaging industry"**, PROPAK West Africa 2023 Conference arena was equally packed to the brim as thought-leaders shed light on the innumerable

opportunities available to companies adopting the mantra of circular economy to boost efficiencies within supply chains in a more sustainable way.

As the event gears up for DAY 2 tomorrow Wednesday 13 September 2023, check out some of the memorable images captured by PROPAK West Africa DAILY Team in and around the halls and presented as news images:

**“WE ARE COMMITTED TO OFFERING COMPETITIVE PRICING, CUTTING-EDGE TECHNOLOGY, AND EXTENDED WARRANTIES TO ENSURE THE UTMOST CUSTOMER SATISFACTION FOR OUR VALUED CLIENTS”**

**Mercongraphic Nig. LTD** is the associate office of Mercongraphic FZC, Sharjah, UAE. The company is involved in the Marketing, Sales and Servicing business of various machines and equipment used in the Printing & Packaging industries. In this tête-à-tête with **Country Manager** in Nigeria - **Mr. Anil Rai**, at this edition's decennial **PROPAK West Africa 2023** in Lagos Nigeria, **PROPAK West Africa DAILY** gets Mercongraphic reassurance to its clientele base in West Africa. Please read excerpt below for more:

**TELL US ABOUT YOUR COMPANY?**

Mercongraphic Nigeria LTD is the affiliated branch of Mercongraphic FZC, situated in Sharjah, UAE. This company specializes in the marketing, sales, and maintenance of a wide range of Manugraph India LTD web offset printing machines, serving the newspaper and book printing sectors. Additionally, they handle C.I. flexo printing and other packaging machinery. They are also engaged in paper converting, particularly for exercise notebooks and A4-sized paper, sourced from Trutech India. Furthermore, they provide Multitec Narrow web flexo label printing machines, bookbinding equipment, die-cutting machinery, and various packaging solutions across Africa and the Middle East.

Manugraph India LTD, a prominent manufacturer of web offset and CI flexo printing machines in India, has established Mercongraphic Nig. LTD as its West African regional office in Lagos, Nigeria. This regional office ensures efficient after-sales service through a team of locally trained engineers endorsed by Manugraph India. They have successfully installed more than 36 Manugraph web offset printing machines in West Africa, including HILINE 45000, CITYLINE Express 35000, and ECOLINE 25000 IPH speed models in well-regarded newspaper and book publishing establishments in Nigeria and Ghana.

Furthermore, Mercongraphic Nigeria LTD plans to provide Trutech Exercise notebook-making machines in Nigeria. They also represent other reputable Indian manufacturers, offering machinery like Die Cutting, Folder Gluer, UV Coating &

CONDOT VDP Systems Machines, Gravure Machines, Electromec Bookbinding Machines, Multitec flexo labels printing, and variable data printing systems from Condot. They have a strong track record, having supplied and installed web offset printing machines for esteemed customers such as Yaliam Press, Extension Publication, Alpha Press LTD, and are set to work with Global Plus Publishing in the coming year.

**WHICH PRODUCTS OR SERVICES ARE YOU OFFERING TO THE MARKET AND WHY ARE THEY DIFFERENT FROM COMPETITION?**

As previously mentioned, Manugraph India LTD holds a prominent position as a top-quality web press manufacturer, offering machines with speeds ranging from 25,000 to 70,000 copies per hour. In the African market, our best-selling models include the HILINE Express 50,000, CITYLINE EXPRESS 35000, and the newly introduced ECOLINE 25000. To cater to the needs of exercise notebook printing, we have introduced TruTech machinery, providing both high-speed and cost-effective options with advanced technology. Additionally, we offer Condot solutions for online numbering systems and applications related to barcoding, marking, and variable data printing. Welbound is our trusted partner for semi-automatic and fully automatic perfect book binding, ensuring high-quality results. Moreover, we proudly represent Multigraph, specializing in narrow web level slitter rewinders.

**ARE THERE SPECIALS, PROMOS OR DISCOUNTS THAT YOU'RE OFFERING TO YOUR CLIENTS AT THIS YEAR'S PROPAK WEST AFRICA?**

Certainly, we are committed to offering competitive pricing, cutting-edge technology, and extended warranties to ensure the utmost customer satisfaction for our valued clients.

**DO YOU HAVE REPS IN WEST AFRICA ESPECIALLY HERE IN NIGERIA TO ATTEND TO YOUR CUSTOMERS AFTER THE SHOW AND WHERE ARE THEY BASED?**

Indeed, our presence extends to Lagos, Nigeria, where our office stands ready to cater to all customer needs. Furthermore, we have established multiple branches across various regions in Africa to better serve our clientele.

**WHAT ASSURANCE ARE YOU GIVING YOUR CUSTOMERS THIS 2023 AND BEYOND TO GUARANTEE YOUR COMMITMENT TO THEIR NEEDS ANYTIME, ANYDAY?**

For the specialized field of exercise notebook printing, we have introduced TruTech machinery, which encompasses both high-speed machines and cost-effective options, all incorporating advanced technology. Our product portfolio also extends to Condot, providing essential features like online numbering systems and barcoding, marking, and variable data printing applications. In addition, Welbound offers a comprehensive range of semi-automatic and fully automatic perfect book binding solutions. Lastly, for narrow web level slitter rewinding, we have Multigraph, ensuring a comprehensive suite of solutions to meet diverse printing and binding needs.

**FINALLY, WHAT ARE YOUR EXPECTATIONS FROM PROPAK WEST AFRICA 2023?**

We aim to raise awareness about our product offerings, including our new additions such as Trutech machinery from India, Welbound, and Condot. Rest assured, we are steadfast in our commitment to serving our valued customers.

**THANK YOU FOR YOUR TIME.**

The Heidelberg Nigeria team is looking forward meeting you at the HEIDELBERG-booth at drupa 2024 in as well as in Heidelberg's factory in Wiesloch, Germany.

At drupa 2024 in Düsseldorf, our customers can expect exciting product innovations in the Packaging and Print with a focus on industrialized print production, taking the entire production workflow in prepress, press and post-processing into consideration.

Covering over 4,000 square meters of exhibition space, HEIDELBERG will showcase the entire world of printing: From offset and digital printing to inline flexography.

In daily shows, HEIDELBERG will address the current challenges of the industry and

present tailored products and services. Following the presentations, smaller break-out sessions will allow for in-depth discussions on specific topics and questions directed at HEIDELBERG's product experts.

For those who wish to delve even deeper into the HEIDELBERG world, we recommend visiting the digital 365 Experience Center. There, HEIDELBERG will innovatively and interactively present it's ecosystem, focusing on the industry's current challenges:

- How do I respond to the shortage of skilled workers?
- How can I increase production efficiency?
- How can I operate sustainably yet economically?

At HEIDELBERG's drupa location in Wiesloch, our customers will find HEIDELBERG's complete product portfolio at it's modern Print Media Center.

In addition to various shows and presentations directly at the machines, factory tours will provide interesting insights behind the scenes of Heidelberg.

**Drupa 2024 is taking place in Düsseldorf, Germany,  
from 28th of May 2024 to 7th of June 2024.**

## ABOUT US

PRINT BOX NIGERIA LTD, a division of Vista Group of Companies incorporated in 2021 has set up a state of the art printing and packaging unit in Surelere, Lagos. With Initial production slated to start in January 2023 onwards, Print Box aims to be Nigeria's leading packaging solutions provider. We stock large varieties of folding box or light packaging materials.

**PRINT BOX**  
NIGERIA LTD

## THE VISION

We aim to cater to the needs of brand leaders across industries such as FMCG, Food & Beverages, Pharmaceutical, Electronic, Retail, Apparels and other white goods industries. Our experienced personnel with 25 or more years of experience in this industry offer expert advice and ensure high quality standards and combine their technical expertise with market insights to deliver customized solutions that exceed customer expectations.

## THE MISSIONS

Print Box produces high quality folding cartons from our manufacturing unit. Our domain knowledge across industries allows us to work with clients to understand their specific folding carton needs and industry requirements to deliver customized solutions. We offer a complete range of carton styles complemented by a wide variety of print finishes such as lamination, foiling, embossing, window patching and security features.

Our capabilities include printing high quality graphics on a range of substrates including metallized and holographic films. In addition, our versatile gluing machines can work with complex structures ideal for even high speed automatic cartoning machines.

Food packaging plays a crucial role in protecting and preserving the quality of food products. It ensures safety, extends shelf life, and provides important information to consumers. Sustainable and eco-friendly packaging solutions are being sought to minimize environmental impact and promote a greener future.

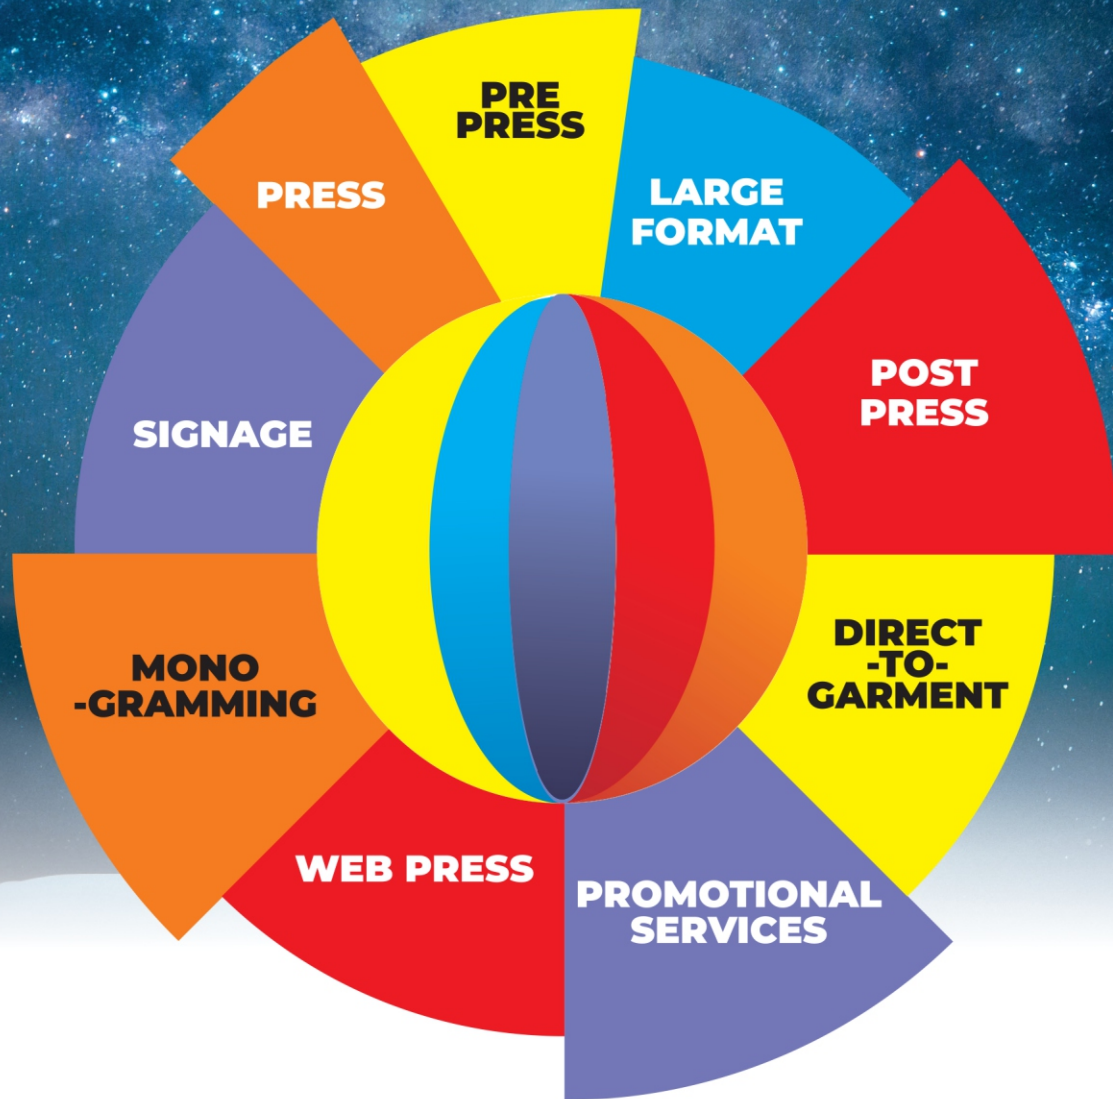

Cosmetic packaging monocartons are used to package and display various cosmetic products. They are designed to be visually appealing, sturdy, and functional. Monocartons protect the product from damage and contamination while providing branding opportunities. Sustainable materials and designs are being adopted to reduce waste and promote eco-friendly practices.

Liquor packaging monocartons are used to package and showcase alcoholic beverages. They are designed to be visually appealing, durable, and provide protection against breakage. Monocartons also serve as a medium for branding and product information. Sustainable packaging materials and designs are increasingly being used to minimize environmental impact in the liquor industry.

In pharmaceutical industry the monocartons protect medicines from light, moisture, and physical damage, ensuring their efficacy and safety. Monocartons also provide space for important information, such as dosage instructions and warnings. Compliance with regulatory standards and use of tamper-evident features are crucial in pharmaceutical packaging.
